[Richard Pratt: One Out of the Box](#) May 29 2020 Richard Pratt was one of Australia's most successful, formidable and charismatic businessmen. Yet for all this he was unfailingly human, his life playing out like a drama even after the final act. Self-made billionaire, family man, generous philanthropist, patron of the arts and Carlton Football Club saviour were just a few of Pratt's many guises, and in this compelling biography the truth behind the headlines is revealed. The twists and turns of Pratt's life are chronicled with candour -- from humble beginnings in Poland to the heights of global business success tainted by the humiliating price-fixing scandal that earned Visy the largest corporate fine in Australia's history. Pratt's many achievements and controversies polarised public opinion but made him one of Australia's most enigmatic public figures. Though his legacy is debatable, no-one can deny that Richard Pratt was ... one out of the box.

**Walking a Golden Mile** Feb 28 2023 The bare-fisted brawler from Blackpool, England tells his story of fortune and fumbling on the road to the WWE's higher ranks. Since joining the WWE in 2000 as a goodwill ambassador from Great Britain, William Regal has established himself as an up-and-coming Superstar. He took the wrestling world by storm defeating many of the WWE's best wrestlers to win both the European and Intercontinental championships—although he's probably best known for getting back in WWE owner's Vince McMahon's good graces by kissing his naked backside on national television. While fans may still chuckle at Regal's humiliation, his in-ring success is no laughing matter. In this no-holds-barred look at his life, Regal for the first time talks about how he has dragged himself out of a life of poverty and adversity on the street of Blackpool, England and battled his own inner-demons to reach the top of the WWE's roster. He also discusses how he has overcome his recent life-threatening medical condition to return to triumphantly to the WWE.

**Landmark Cases in Equity** Jan 06 2021 **Landmark Cases in Equity** continues the series of essay collections which began with **Landmark Cases in the Law of Restitution (2006)** and continued with **Landmark Cases in the Law of Contract (2008)** and **Landmark Cases in the Law of Tort (2010)**. It contains essays on landmark cases in the development of equitable doctrine running from the seventeenth century to recent times. The range, breadth and social importance of equitable principles, as these affect commercial, domestic and even political matters are well known. By focusing on the historical development of these principles, the essays in this collection help us to understand them more clearly, and also provide insights into the processes of legal change through judicial innovation. Themes addressed in the essays include the nature of the courts' equitable jurisdiction, the development of property rights in equity, constraints on the powers of settlors to create express trusts, the duties of trustees and other fiduciaries, remedies for breach of these duties, and the evolution of constructive and resulting trusts.
