"Powerful and affecting. Hillary is an indomitable force." — Dean Karnazes In 2017, world-class ultrarunner Hillary Allen was at the top of her sport--and it felt like she was running on top of the world as she competed in Norway's Tromsø Skyrace. Allen was nearly halfway through the 50-kilometer race when she fell 150 feet off an exposed ridge, fracturing her back and breaking multiple ribs, both feet, and both of her lower arms. Beginning with the dramatic story of her accident and rescue, *Out and Back: A Runner's Story of Survival Against All Odds* recounts Allen's fight to return to the life she loves. With vulnerability that reveals remarkable strength and introspection that yields wisdom, Allen shares the story of her recovery both physically and mentally, and hard-earned knowledge that the path forward is not always linear, that healing takes time, and that the process of rediscovery is ongoing as she learns what it takes to survive--and thrive. *Out and Back* is an inspiration to anyone who knows what it means to reclaim and rebuild your life, one day and one

An author who knows how to access the power and gifts of the Holy Spirit in everyday life, Staci Wallace helps women resist the forces of darkness and rise up empowered to take on and win whatever battle they face. In Fueled by Fire, she takes readers on a journey through the lives of women in the Bible as well as through her own story of conquering deadly diseases, climbing corporate ladders, and raising world-changers. She inspires women to believe that, with God, anything is possible. Amoral, cunning, ruthless, and instructive, this multi-million-copy New York Times bestseller is the definitive manual for anyone interested in gaining, observing, or defending against ultimate control - from the author of The Laws of Human Nature. In the book that People magazine proclaimed “beguiling” and “fascinating,” Robert Greene and Joost Elffers have distilled three thousand years of the history of power into 48 essential laws by drawing from the philosophies of Machiavelli, Sun Tzu, and Carl Von Clausewitz and also from the lives of figures ranging from Henry Kissinger to P.T. Barnum. Some laws teach the need for prudence (“Law 1: Never Outshine the Master”), others teach the value of confidence (“Law 28: Enter Action with Boldness”), and many recommend absolute self-preservation (“Law 15: Crush Your Enemy Totally”). Every law, though, has one thing in common: an interest in total domination. In a bold and arresting two-color package, The 48 Laws of Power is ideal whether your aim is conquest, self-defense, or simply to understand the rules of the game. An engaging, inspiring exploration of the surprising value of setbacks—and how we can use them to succeed As an award-winning sports journalist, Sam Weinman has long studied the ripple effects of losing. But as a father of two competitive boys, he struggled to convince them that failing—whether losing a hockey game or bombing a math test—can actually be a critical part of

success. So he sought out the perspectives of men and women who have turned significant setbacks into meaningful comebacks—and sometimes even new careers—to illustrate how we can not only overcome defeat but grow stronger from the experience. Blending firsthand interviews and advice from professional athletes, business executives, politicians, and Hollywood stars with expert analysis from leading psychologists and coaches, Win at Losing reveals how renowned figures—from Emmy Award-winning actress Susan Lucci to golfer Greg Norman and politician Michael Dukakis—have prevailed and even triumphed in the aftermath of loss, humiliation, and rejection. In showcasing the ways our most difficult moments can be turned into powerful growth opportunities, this lively and moving guide asks readers to redefine what constitutes success and failure, and offers an essential blueprint for harnessing the power of setbacks to achieve what we want in life.
