Transforming Grace Nov 14 2021 Living Confidently in God's Unfailing Love Grace is amazing because it is God's provision for when we fall short of His standards. Unfortunately, too many of us embrace grace for our salvation but then leave it behind in our everyday lives. We base our relationship with God on our performance rather than on His love for us, even when we intuitively know that our performance cannot earn us the love we so desperately crave. Isn't it time to stop trying to measure up and begin accepting the transforming power of God's grace? The product of more than ten years of Bible study, Navigator author Jerry Bridges's *Transforming Grace* is a fountainhead of inspiration and renewal that will show you just how inexhaustible and generous God's grace really is. This edition includes the full study guide, which was formerly available as a separate product (ISBN 9781600063046).

God Is . . . Oct 01 2020 Your God is too small--way too small! What if God is not a human-like personal being but the God Beyond God of the Christian mystical traditions? What if God is the ultimate reality beyond all beings, including beyond all divine beings, indeed beyond all Being? It's a mind-bending idea. Speaking of God as a human-like personal being is much easier but people who care about the deepest mystical understandings of God within our traditions need to make the effort to speak about the God Beyond God, despite the difficulties. This book makes the attempt to speak of the God Beyond God in the language of the sermon, using metaphor and potent imagery tuned to the existential intensities of human life. The God Beyond God is closer to us than our jugular veins, vividly present in every moment of our lives. These sermons are practical and moving, and they also resonate with the most rigorous theological understandings of ultimate reality. Their deconstruction of our convenient fantasies about a divine being make these sermons emotionally intense and perhaps not suitable for beginners in the journey of faith. But veteran believers can breathe deeply in the air of these meditations, relaxing into the bliss of engaging ultimate reality without delusions, without deflections, and without controlling the object of our worship.

A Touch of Grace Jun 09 2021

The Way of Grace Mar 06 2021 "Perhaps you hunger to finally end the struggle of living from a consciousness of fear and separation. Perhaps you yearn for a saner, wiser, more spiritually elegant way to move through our world. Perhaps you are weary of the dizzying pace of a culture that drives us ever further from our true nature. There is another way: a way of Grace. This book is a hand of friendship to help you come to abide in the living presence that you are and always were."—Miranda Macpherson, *The Way of Grace* Many of us struggle to truly live what we believe spiritually. What if closing that gap wasn't about trying harder, but something quite the opposite? *The Way of Grace* is a guide to spiritual surrender and nondual realization based on the practice of ego relaxation—a holistic, feminine approach to welcoming all of your experience and responding with compassion and wisdom in a world in need of your unique gifts. "Grace has four primary dimensions, or ways that it comes alive," explains Macpherson. "Ego relaxation gives us access to these dimensions, so we can stop trying to beat ourselves into spiritual shape and yield instead to an unshakable presence within." In *The Way of Grace*, she shares reflections, inquiries, and meditation practices for each phase of your journey: • Relaxing into the Ground of Grace—move beyond identification with your personality and return to the felt sense of your connection to Grace as your natural and ever-present foundation • Receiving the Blessings of Grace—move beyond "the spiritual poverty of lack" and rediscover the gift of life in every moment through the portals of trust, humility, patience, and joy • The Transforming Power of Grace—move beyond that which limits your full freedom through forgiveness, compassion, unwinding ego identity, and abiding in your boundless nature • Living the Embodiment of Grace—continue to surrender anything that binds you into self-centered patterns and behaviors and become a "Grace-delivery device," the presence of love here on Earth "Grace will always deepen, season, and bring out the very best in you," writes Macpherson. "You are its embodiment, always and forever." *The Way of Grace* will be your steady companion to "live as the fountain we were made to be, letting the living waters flow to quench our parched and tired Earth." Foreword by Russ Hudson.

A Christian On the Mount Jul 10 2021 His delight is in the law of the Lord, and on his law he meditates day and night." Psalm 1:2 The opening of the Words, and the Proposition asserted. Grace breeds delight in God, and delight breeds meditation. Meditation is a duty wherein consists the essentials of religion, and which nourishes the very life-blood of it. That the Psalmist may show how much the godly man is habituated to this blessed work of meditation, he subjoins, "In his law does he meditate day and night;" not but that there may be sometimes intermission: God allows time for our calling, he grants some relaxation; but when it is said, the godly man meditates day and night, the meaning is, frequently—he is much conversant in the duty.

The Sweetness of Divine Meditation Apr 26 2020 Divine meditation on the word of God is a lost art and science in the spiritual disciplines. Christians are often content to read a little and pray a little. They often have

little to no strategy for godly meditation. This is where William Bridge will come in. He will not only show the work and way of divine meditation, but he will initially set forth its sweetness. He teaches that this spiritual discipline is the Christian's daily way of exercising himself in godliness and walking with God, and that such a walk is sweet. This walking is a picture of persistent communion with Jesus Christ, and is eminently sweet in its applications to the soul. Bridge's main text is, "My meditation of him shall be sweet," (Psalm 104:34), setting forth the doctrine that it is a sweet thing for a gracious soul to meditate on God. He shows the true nature and notion of meditation, how and in what respects a man may meditate on God, and how it is that meditation is a sweet thing, and profitable for the Christian. In his second part, in the work and manner which godly meditation ought to be accomplished, he answers some objections. He demonstrates that it is the Christian's duty to meditate on God and the things of God, that it is a duty for every day, how to rightly meditate to make it profitable (with some rules to that end) and then concludes with arguments and motives to press all Christians to the regular and consistent practice of godly meditation. This work is not a scan or facsimile, and has been updated in modern English for easy reading. It also has an active table of contents for electronic versions.

Days of Grace Mar 01 2023 Using the metaphor of pilgrimage, this book invites readers to reflect on living with illness. The heart of the book is a collection of 30 meditations, each followed by a reflection, a short prayer, and a suggested spiritual practice. The meditations voice the difficulties and the challenges of living with illness, and call the reader toward a deepening understanding, compassion and generosity. While the meditations intend to offer comfort, they are also written from the conviction that God invites us to grow even in these circumstances. When living with chronic, terminal, or progressive illness, discovering a way to pray can be quite a challenge. These 30 meditations provide a welcome means with practices inspired by the psalms.

Dietrich Bonhoeffer Feb 05 2021 Every Christian needs spiritual direction, writes Peter Frick. Regular prayer and meditation help to shape a healthy Christian life. While noting that Dietrich Bonhoeffer was more than a spiritual mentor, Frick utilizes his words to shape reflections that will guide readers deeper into the heart of meditation. Bonhoeffer's prayers read like a contemporary psalter: they are praise, lament, wisdom. In these pages, readers are invited to contemplate silence, community, solitude, truth, grace, sin, worldliness, and eternity, and are encouraged to open their hearts to meditation. Peter Frick is associate professor and academic dean at St. Paul's College. He teaches a variety of subjects, including courses in Western religions, theology, and biblical studies. Frick recently published *A Handbook of New Testament Greek Grammar* (2007) and edited *Bonhoeffer's Intellectual Formation* (2008). Frick is a member of the international Bonhoeffer Society and a member of the editorial board responsible for the publication of the new standard edition of the Bonhoeffer works.
