Understanding Neil Simon Dec 23 2019 Koprince (English, U. of North Dakota at Grand Forks) seeks to grant the prolific and popular playwright a measure of the serious literary attention that has passed his work by. She analyzes 16 of Simon's comedies beginning with his first Broadway effort, *Blow your horn* (1961) and ending with *Laughter on the 23rd floor* (1993). Koprince emphasizes Simon's versatility, craftsmanship, and willingness to experiment with the comedic form as well as the fundamentally serious nature of his plays. Small format: 5.25x7.25". Annotation copyrighted by Book News, Inc., Portland, OR

Blue Star Feb 23 2020 A volume of reminiscences that portrays Dakota life as observed by a non-Indian teacher who lived among them.

The Book Thief Dec 03 2020 #1 NEW YORK TIMES BESTSELLER • ONE OF TIME MAGAZINE'S 100 BEST YA BOOKS OF ALL TIME The extraordinary, beloved novel about the ability of books to feed the soul even in the darkest of times. When Death has a story to tell, you listen. It is 1939. Nazi Germany. The country is holding its breath. Death has never been busier, and will become busier still. Liesel Meminger is a foster girl living outside of Munich, who scratches out a meager existence for herself by stealing when she encounters something she can't resist—books. With the help of her accordion-playing foster father, she learns to read and shares her stolen books with her neighbors during bombing raids as well as with the Jewish man hidden in her basement. In superbly crafted writing that burns with intensity, award-winning author Markus Zusak, author of *I Am the Messenger*, has given us one of the most enduring stories of our time. "The kind of book that can be life-changing." —The New York Times "Deserves a place on the same shelf with *The Diary of a Young Girl* by Anne Frank." —USA Today DON'T MISS BRIDGE OF CLAY, MARKUS ZUSAK'S FIRST NOVEL SINCE THE BOOK THIEF.

Dodge Durango and Dakota Pick-Ups 1997-99 Jul 30 2020 Haynes Manuals have a new look! To ensure the continued success of one of the industry's most dynamic manual series, Haynes has color coded their covers by manufacturer and replaced the familiar cover artwork with computer-generated cutaway photography. By Summer 2000, 80 percent of Haynes manuals will have the colorful new design. Inside, enthusiasts will find the same reliable information -- whether the reader has simple maintenance or a complete engine rebuild in mind, he or she can rest assured that there's a Haynes Manual for just above every popular domestic and import car, truck, and motorcycle. Hundreds of illustrations and step-by-step instructions make each repair easy to follow.

Gravel Roads Dec 15 2021 The purpose of this manual is to provide clear and helpful information for maintaining gravel roads. Very little technical help is available to small agencies that are responsible for managing these roads. Gravel road maintenance has traditionally been "more of an art than a science" and very few formal standards exist. This manual contains guidelines to help answer the questions that arise concerning gravel road maintenance such as: What is enough surface crown? What is too much? What causes corrugation? The information is as nontechnical as possible without sacrificing clear guidelines and instructions on how to do the job right.

Small Wind Electric Systems Aug 31 2020 The South Dakota Consumer's Guide for Small Wind Electric Systems provides consumers with enough information to help them determine if a small wind electric system can provide all or a portion of the energy they need for their home or business based on their wind resource, energy needs, and their economics. Topics discussed in the guide include: how to make your home more energy efficient, how to choose the right size turbine, the parts of a wind electric system, determining if there is enough wind resource on your site, choosing the best site for your turbine, connecting your system to the utility grid, and if it's possible to become independent of the utility grid using wind energy. In addition, the cover of the guide contains a state wind resource map and a list of state incentives and state contacts for more information.

The Negro Motorist Green Book Jun 28 2020 The idea of "The Green Book" is to give the Motorist and Tourist a Guide not only of the Hotels and Tourist Homes in all of the large cities, but other classifications that will be found useful wherever he may be. Also facts and information that the Negro Motorist can use and depend upon. There are thousands of places that the public doesn't know about and aren't listed. Perhaps you know of some? If so send in their names and addresses and the kind of business, so that we might pass it along to the rest of your fellow Motorists. You will find it handy on your travels, whether at home or in some other state, and is up to date. Each year we are compiling new lists as some of these places move, or go out of business and new business places are started giving added employment to members of our race.

Geology of the Lewis & Clark Trail in North Dakota Oct 01 2020 Following in the footsteps of Lewis and Clark, John Hoganson and Ed Murphy lead readers on a geologic tour of the Missouri River valley in western North Dakota, explaining the geologic wonders that Lewis and Clark recorded in their journals--burning coal veins, petrified trees, cannonball concretions--as well as more modern discoveries such as dinosaur fossils. Color photographs, maps, and paintings complement the explanations of the geologic features exposed in highway roadcuts and along the riverbanks and bluffs.

Reclamation Manual Dec 27 2022

The Dakota Peoples Aug 23 2022 "This work offers a history of the Dakota people and is largely based on eyewitness accounts from the Dakota themselves, including legends, traditions, and winter counts. Topics include the Dakotas' early government, the role of women within the Dakota tribes, the rituals and rites of Dakota people, and the influence of the white man in destroying Dakotan culture"--Provided by publisher.

Key to the Native Perennial Grasses-Midwest Region East of the Great Plains Oct 21 2019 Excerpt from Key to the Native Perennial Grasses-Midwest Region East of the Great Plains: Abstracted From Hitchcock's Manual of the Grasses A guide, Key to the Native Perennial Grasses - Midwest Region East of the Great Plains, was prepared in 1965 as a working tool for scs conservationists in the Midwest to use in identifying native perennial grasses found in their particular work area. The demand for the guide by specialists outside the Soil Conservation Service became so great, scs decided to publish it. The taxonomic key includes native perennial grass Species found in Michigan, Wisconsin, Indiana, Illinois, Minnesota, Iowa, Missouri, and the eastern parts of North Dakota, South Dakota, Nebraska, and Kansas. To differentiate between native grass Species and some exotic Species having similar morphological characteristics, several of the more common exotic Species are included in the key and illustrations. They are noted by exotic in parentheses. Native grasses still are found in significant amounts in some parts of the Midwest region east of the Great Plains physiographic province though few Species are found in any given local area. They occur primarily on nonarable grassland soil, in natural savannas, in cutover forest land, marshes, and bogs, and on abandoned cropland. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy.
