This book has achieved international recognition as a reference tool and a "one-stop" daily information source. This new edition features many topics, and is indispensable to librarians and information professionals revising reference collections, etc. The book is based on the exchange of professional experiences which featured in an IUCN

CEC workshop in August 2002. Practitioners from around the world shared their models of good practice and explored the challenges involved in engaging people in sustainability. The difficulties facing practitioners vary between country and context but some challenges are universal: A lack of clarity in communicating what is meant by sustainable development; An ambition to educate everyone to bring about a global citizenship; Social, organisational or institutional factors constrain change to sustainable development, yet there is an emphasis on formal education, and community educators do not receive the same support; A lack of balance in addressing the integration of environmental, social and economic dimensions leading to an interpretation that ESD is mainly about environment and conservation issues; New learning (rather than teaching) approaches are called for to promote more debate in society. Yet, few are trained or experienced in these new approaches. Practitioners need support to explore new ways of promoting learning. [Foreword, ed].

This newly revised edition of Cadogan's bestseller uncovers the three regions' lavish natural beauty and some of the most enchanting landscapes in Europe. Art, history, rolling hills, and delicious food are there for the taking in this beautiful part of Italy. The fourth edition of the essential guide to Italy's most beautiful city, the Time Out Guide To Florence covers everything from Machiavelli and the Medici to Tuscan Buddhists and the Florentine clubs scene. Contains critical reviews of hotels, restaurants, trattorias and cafes, a complete rundown on entertainment, bars and nightlife, and extensive guides to the best surrounding Tuscan towns and villages. Vol. 10 includes "Tables générales des Séries de publications de Societas Scientiarum Fennica, 1838-1938." Features menus and instructions for outdoor dinners and celebrations, including recipes for appetizers, soups, breads, main courses, salads, desserts, and beverages. Detailed itineraries show you how to see the highlights whether your vacation lasts one week or two, you're traveling with children, or you're a history buff looking for a fix of archaeological Italy. Bargain alerts tip you off to time-saving insider details—like which sight passes grant you free access to others—so more of your money stays

Fodor's upCLOSE Italy "Good writing and a sassy attitude." -- "Chicago Sun-Times "Takes you places locals love and tourists don't know about." -- "American Way magazine "Perfect for finding bargains." -- "Shape magazine Designed for people who want to travel well and spend less: With candid reviews and a fresh outlook, Fodor's upCLOSE points the way to authentic experiences that will take you away from the crowds and close to the culture -- without having to spend a fortune. Great places to stay that don't cost a fortune -- From palazzi with terraces, high ceilings, and mosaic floors to tidy hostels with sea views and home-cooked meals. The best places to eat, drink, and play with the locals -- From trattorias and piazza cafes and beer and wine bars to clubs, opera tickets, and techno and jazz joints. On-the-money insights into local culture, history, and sights. Great side trips and adventures beyond the obvious Packed with savvy tips and practical information -- From airfare deals to tips on losing the crowds. Clear, readable maps Get inspired and plan your next trip with Fodor's ebook travel guide to Florence and Central Italy. Intelligent Planning: Discover all of the essential, up-to-date details you expect in a Fodor's guide, including Fodor's Choice dining and lodging, top experiences and attractions, and suggested itineraries. Easy Navigation for E-Readers: Whether you're reading this ebook from start to finish or jumping from chapter to chapter as you develop your itinerary, Fodor's

makes it easy to find the information you need with a single touch. In addition to a traditional main table of contents for the ebook, each chapter opens with its own table of contents, making it easy to browse.

Full-Color Photos and Maps: It's hard not to fall in love with central Italy as you flip through a vivid full-color photo album. Explore the layout of city centers and popular neighborhoods with easy-to-read full-color maps. Plus, get an overview of Italian geography with the convenient atlas at the end of the ebook.

Bonus Reading for the Love of Italy: In addition to the quintessential travel tips you expect in a Fodor's guide, we've included three excerpts from exceptional books about Italy. Immerse yourself in Italy with cultural insights from these top-selling authors: Frances Mayes (*EVERY DAY IN TUSCANY*) Beppe Severgnini (*LA BELLA FIGURA*) Joseph Bastianich and David Lynch (*VINO ITALIANO*)

Explore Central Italy: No place better epitomizes the greatness of the Renaissance than Florence, where there's a masterpiece around every corner, from Michelangelo's *David* to Botticelli's *Venus*. The central regions of Tuscany and Umbria are characterized by midsize cities and small hilltop towns, each with its rich history and art treasures. Highlights include the walled city of Lucca; Pisa and the Leaning Tower, Siena, home of the Palio; and Assisi, the city of St. Francis. In between, the gorgeous countryside produces some of Italy's finest wine. Note: This ebook edition includes photographs and maps that will appear on black-and-white devices but are optimized for devices that support full-color images.

The Oxford Textbook of Medicine provides all that any doctor needs to know to practice top-level internal medicine. It gives comprehensive coverage of the epidemiology, aetiology, and mechanism of disease, as well as clear, unambiguous coverage of the diagnosis, practical management and prevention of the entire spectrum of medical disorders. There are major introductory sections on the scientific basis of disease; and in the system-based clinical sections genetic predisposition, pathophysiology, pathogenesis, molecular mechanisms, and cell biology are covered in depth for all significant medical syndromes. Clinical descriptions of diseases are clearly and memorably written, based on the experience

and insight of the authors--many of whom are among the world's most distinguished medical scientists. Chapters are not only "evidence based" but also on clinical experience and a thorough survey of all the relevant literature. Throughout, the approach of OTM is humane and ethical and, at the same time, factual, reliable, honest (especially where knowledge is limited) and rigorously scientific. This is not just a textbook of "First World" medicine. It provides practical guidance for doctors working in a variety of medical settings the value of a logical clinical approach rather than immediate resort to expensive imaging and laboratory tests. More of the contributing authors than ever before are from outside Europe, including strong representation of North American medicine. The new editorial team has ensured that the OTM continues to reflect rapid changes in medical practice: there are new sections on intensive care, alcohol and drug abuse, clinical pharmacology and therapeutics, world health, clinical trials and evidence-based medicine, adolescent medicine, sports medicine, and emergency medicine; more than half the contributors are new for this edition; and most of the text has been heavily revised. The striking new page and cover design reflect the significant changes made in this new edition. The Textbook is illustrated by over 2000 two-color diagrams and many color Plates. The index is the most detailed and user-friendly of any major medical textbook: in an emergency, the reader can access information quickly- whether on the ward, in office or at home. Like its predecessors, OTM4 will be the trusted and ultimate reference in libraries, hospitals, doctors' consulting rooms, solicitors' offices, press offices, and primary care practices worldwide. Several years ago, freshly returned from a year in Stockholm but deeply enmeshed in the American Malaise of the late 1960's, I sketched out an image of Swedish policy-making that defined a generalized policy-making role and sought to relate that role to both citizen attitudes and the elite political culture in Sweden. Although that sketch seems to have been taken seriously by other foreigners, I think it is fair to say that the principal reaction of my Swedish friends and colleagues was amusement. When I later (1970-71) returned for another year in

Stockholm, I found myself being introduced at parties as the man who had written "that marvelously out-of-date sketch of how Swedish politics used to work-hah, hah. " Or, I would be referred to as the American who, like Marquis Childs some years earlier, "believed our propaganda. " By 1970-71, of course, the Swedish political environment had become more boisterous than it had been in 1967-68. Indeed, during the course of that year my amused colleagues found themselves enmeshed in a strike action against the government that was part of an emotional series of such actions that some observers thought would bring most public services to a halt. If my earlier portrait had been influenced (too much, they thought) by the American Malaise in which I was implicated, so must their later reaction to my portrait have been influenced (too much, I thought) by the Swedish Turmoil of 1970 and 1971. First multi-year cumulation covers six years: 1965-70. Enjoy a journey to the forest-rimmed convent where *The English Patient* was filmed and learn traditional cuisine under cookbook doyenne Lorenza de'Medici. With this completely updated Fodor's guide you can cheer on Palio horsemen from a luxurious room overlooking Siena's square or climb a footpath to Michelangelo's marble quarries and stay overnight at a hiker's hut in the hills. Explore Florence, city of the lily, the city that gave birth to the Renaissance and changed the way we see the world. For centuries its wondrous art has captured the imagination of travellers, and it continues to do so today. This new edition features coverage of the latest local trends and top spots and has a jam-packed 'Smart Travel Tips A-Z' chapter, plus Great Itineraries, Fodor's Choice, and web addresses. In addition, it lists the latest sights and activities and up-to-date options for hotels, restaurants, shopping and nightlife. Discover ancient and exotic cities, experience the stark beauty of the desert and cool down at the beach. This insider's guide will show you the warmth and colour of Morocco. Eat well and shop smart - our food and arts & crafts sections will show you how * Escape to the hills with our trekking chapter * Mix with the locals - here's how in French, Arabic and Berber * Bivouac in the desert or luxuriate in a kasbah: you'll find all the accommodation

options here * 70 detailed maps, plus colour country map
