Humanity, having faced extinction at the end of the 20th century, would not have entered the new millennium if it weren't for them. In 1969, during their youth, they created a symbol. In 1997, as the coming disaster slowly starts to unfold, that symbol returns. This is the story of a group of boys who try to save the world. The Friend, an enigmatic cult leader who plans to destroy the world, declares, "The cosmos has begun choosing those who are true friends." R to L (Japanese Style). Umi and Sora are not alone in their strange connection to the sea. Forty years ago, Jim met another young boy with the same powers. As penance for letting the boy die, Jim has been searching the world for other children with those same ties to the ocean. Anglade, a wunderkind who was once Jim's research partner, lures Sora away with the promise of answers. This leaves Umi severely depressed, and it is up to Ruka to help her new friend find his brother. But time is quickly running out... When Ruka was younger, she saw a ghost in the water at the aquarium where her dad works. Now she feels drawn toward the aquarium and the two mysterious boys she meets there, Umi and Sora. They were raised by

dugongs and hear the same strange calls from the sea that she does. Ruka's dad and the other adults who work at the aquarium are only distantly aware of what the children are experiencing as they get caught up in the mystery of the worldwide disappearance of the ocean's fish. Once upon a time, the world's greatest heroine was reimagined by a comic book legend. This updated Amazonian Princess met with such acclaim that Pérez's original six-month commitment to the title was extended—and extended—until nearly five years had passed. Even today, almost eighty years after its first flight, the North American P-51 Mustang remains one of the most famous and recognizable aircraft in the world. Nimble and fast, qualities that lead the Mustang to be used even today in air races, the aircraft was forged in battle. These Mustangs were widely used escorting Allied bombers deep into the enemy homeland. The story of this historic fighter is told through carefully researched archival photos, as well as photographs of preserved examples, illuminated through detailed captions, thereby illustrating not only the use of the late WWII Mustang, but also the details of its construction. Large, clear photos, coupled with descriptive and informative captions, put the reader on the airfield and in the sky with this historic aircraft.
