Getting the books **Help Me Say Goodbye Activities For Helping Kids Cope When A Special Person Dies** now is not type of challenging means. You could not abandoned going subsequently books collection or library or borrowing from your links to log on them. This is an certainly simple means to specifically get guide by on-line. This online publication **Help Me Say Goodbye Activities For Helping Kids Cope When A Special Person Dies** can be one of the options to accompany you with having supplementary time.

It will not waste your time. acknowledge me, the e-book will utterly sky you supplementary issue to read. Just invest tiny era to open this on-line statement **Help Me Say Goodbye Activities For Helping Kids Cope When A Special Person Dies** as skillfully as evaluation them wherever you are now.

As recognized, adventure as without difficulty as experience not quite lesson, amusement, as with ease as contract can be gotten by just checking out a ebook **Help Me Say Goodbye Activities For Helping Kids Cope When A Special Person Dies** along with it is not directly done, you could believe even more in the region of this life, vis--vis the world.

We present you this proper as well as easy showing off to get those all. We give **Help Me Say Goodbye Activities For Helping Kids Cope When A Special Person Dies** and numerous books collections from fictions to scientific research in any way. accompanied by them is this **Help Me Say Goodbye Activities For Helping Kids Cope When A Special Person Dies** that can be your partner.

'I adored this story and instantly fell in love with Grace Salmon. A beautiful book about learning to let go and start living your life'

Nina Pottell, Prima 'A touching story about learning to live' Sun No one is ever happy to see Grace Salmon. A remarkable debut mystery from the award-winning author of the 2003 St. Martin's Press/Private Eye Writers of America Prize for Best First Private Eye Novel. Michael Koryta's *Tonight I Said Goodbye* marks the emergence of a stunning new voice in crime fiction. With its edge-of-your-seat pacing, finely drawn characters, and rock-solid prose, *Tonight I Said Goodbye* would seem to be the work of a grizzled pro; the fact that the author is just twenty-one years old makes it all the more amazing. Investigator Wayne Weston is found dead of an apparent suicide in his home in an upscale Cleveland suburb, and his wife and six-year-old daughter are missing. Weston's father insists that private investigators Lincoln Perry and Joe Pritchard take the case to exonerate his son and find his granddaughter and daughter-in-law. As they begin to work they discover there is much more to the situation than has been described in the prevalent media reports. There are rumors of gambling debts and extortion, and a group of Russians with ties to organized crime who don't appreciate being investigated--a point they make clear with baseball bats. With some assistance from newspaper reporter Amy Ambrose, Perry and Pritchard believe they are making swift progress. But then they are warned off the investigation by a millionaire real estate tycoon and the FBI. Just when they feel they are closing in on a possible source of answers, another murder forces them to change direction in the case. Perry travels to a resort town in South Carolina and there he finds more than one game being played, and all of them are deadly. The stakes quickly become very personal for Perry, and it's clear that there will be no walking away from this case. In a debut that has already garnered praise from some of today's top writers, Michael Koryta immediately establishes himself as a standard bearer for the next generation of crime writers. *Tonight I Said Goodbye* is a 2005 Edgar Award Nominee for Best First Novel. A guide on applying living slowly wherever you are,

including mindful practices and tips, by the most popular YouTuber on the subjects of cottage core and slow living, The Cottage Fairy. Goodbye, Adios, Arrivederci...everywhere around the world people speak different languages. Journey with us as we explore how to say goodbye through the power of song in many of the different languages throughout the world. After her husband Adam is killed when his private boat explodes, Nell McDermot is thrown into a pit of grief. She wants answers and she wants more than anything to say goodbye - but both now seem impossible. That is, until a medium contacts her claiming to be Adam's channel. When the investigation proves the explosion was not an accident but a bomb, Nell goes to visit the medium. And, soon enough, she is receiving instructions from Adam from beyond the grave. Or is she? Haunted by grief, Nell undertakes the instructions - unaware that a terrifying chain of events is about to be unleashed. With a dangerous loop closing around her, Nell doesn't realise that she might be going to meet Adam a lot sooner than she thinks . . . TJ has pined for Kate for six years. He lost the love of his life because of a stupid mistake but now he's determined that things will be different this time. When he meets Julia, things seem to be going right for him until he begins to obsess over Kate again. Julia falls head over heels in love with TJ but he is only with her because of the resemblance she has to his ex-wife. Will TJ finally leave the past where it's meant to be and move on with Julia or is his happily ever after always going to delude him? From bestselling author Todd Parr, a poignant and reassuring story about loss. Through the lens of a pet fish who has lost his companion, Todd Parr tells a moving and wholly accessible story about saying goodbye. Touching upon the host of emotions children experience, Todd reminds readers that it's okay not to know all the answers, and that someone will always be there to support them. An invaluable resource for life's toughest moments. Loss can either break you open or break you down your choice. If you choose to allow it to break you open, you can

discover who you truly were meant to be before time and the world made you forget. *How Learning to Say Good-bye Taught Me How to Live* is a narrative journal of the many spiritual lessons and gifts I received during a period of tremendous loss in my life and how they were put to the test during my best friend's battle with cancer. It chronicles the close friendship we shared during this traumatic time and how we worked to stay conscious and move forward with our inner growth despite our pain. When we are asked to say good-bye to what was, we are offered an opportunity to experience what can be if we do the work. Each chapter highlights the various inner battles as well as the gifts that are revealed during difficult times. The lessons include issues of control, judgment, needing to be right, forgiveness, self-love, receiving, and the power of our beliefs. The gifts include partnership with your Higher Self, true intimacy, the power of play and laughter, faith and patience, angel whispers, co-creating, and much more. At the end of each chapter is a list of questions and thoughts that aided me to go deeper with the work.

KIRKUS INDIE REVIEW (OCT 2017) Heartfelt reflections on the lessons and strength to be gained from grief and loss. McClung muses on the spiritual insights learned during the last six months of her best friend's life in this debut memoir. McClung has written a thoughtful think piece that also serves as a touching tribute to one of my greatest teachers during the worst times of her life. The questions the author presents readers arise appropriately from her narrative and also have universal relevance, including "When is the last time you said you were sorry to yourself or to another?" McClung offers many well-sketched, even funny, anecdotes, including her outburst in Target by phone with Rob about buying her outfit. The bestselling author of *Hide and Gone* draws us into the venomous mind games of a terrifying killer. "Come into my parlor . . ." For Kimberly Quincy, FBI Special Agent, it all starts with a pregnant hooker. The story Delilah Rose tells Kimberly about her johns is too horrifying to be true—but

prostitutes are disappearing, one by one, with no explanation, and no one but Kimberly seems to care. Said the spider to the fly . . . As a member of the Evidence Response Team, dead hookers aren't exactly Kimberly's specialty. The young agent is five months pregnant—she has other things to worry about than an alleged lunatic who uses spiders to do his dirty work. But Kimberly's own mother and sister were victims of a serial killer. And now, without any bodies and with precious few clues, it's all too clear that a serial killer has found the key to the perfect murder . . . or Kimberly is chasing a crime that never happened. Kimberly's caught in a web more lethal than any spider's, and the more she fights for answers, the more tightly she's trapped. What she doesn't know is that she's close—too close—to a psychopath who makes women's nightmares come alive, and if he has his twisted way, it won't be long before it's time for Kimberly to . . .

SAY GOODBYE TJ has pined for Kate for six years. He lost the love of his life because of a stupid mistake but now he's determined that things will be different this time. When he meets Julia, things seem to be going right for him until he begins to obsess over Kate again. Julia falls head over heels in love with TJ but he is only with her because of the resemblance she has to his ex-wife. Will TJ finally leave the past where it's meant to be and move on with Julia or is his happily ever after always going to delude him? In the tradition of *Thirteen Reasons Why* and *All the Bright Places*, *The Last Time We Say Goodbye* is a deeply affecting novel that will change the way you look at life and death. From New York Times bestselling author Cynthia Hand comes a stunning, heart-wrenching novel of love and loss, which ALA Booklist called "both shatteringly painful and bright with life and hope" in a starred review. Since her brother, Tyler, committed suicide, Lex has been trying to keep her grief locked away, and to forget about what happened that night. But as she starts putting her life, her family, and her friendships back together, Lex is haunted by a secret she hasn't told anyone—a

text Tyler sent, that could have changed everything. "Catherine Ryan Hyde delivers once again with this feel-good story guaranteed to be a hit..." --Redbook

On an isolated Texas ranch, Dr. Lucy cares for abandoned animals. The solitude allows her to avoid the people and places that remind her of the past. Not that any of the townsfolk care. In 1959, no one is interested in a woman doctor. Nor are they welcoming Calvin and Justin Bell, a newly arrived African American father and son. When Pete Solomon, a neglected twelve-year-old boy, and Justin bring a wounded wolf-dog hybrid to Dr. Lucy, the outcasts soon find refuge in one another. Lucy never thought she'd make connections again, never mind fall in love. Pete never imagined he'd find friends as loyal as Justin and the dog. But these four people aren't allowed to be friends, much less a family, when the whole town turns violently against them. With heavy hearts, Dr. Lucy and Pete say goodbye to Calvin and Justin. But through the years they keep hope alive...waiting for the world to catch up with them. A practical guide to help those who have suffered a sudden death of a loved one cope with the pain and loss and help them to rebuild their lives. Somebody Help Me Say Goodbye is a comic book designed to help children walk through the various stages and emotions of grief. Displaying and explaining various emotions and feelings and encouraging best practices of expression are key to the comic book. Designed for parents, funeral homes, hospice care and other pastoral service area Somebody Help Me is an attractive guide for helping adults explain grief and the funeral process to younger children ages 6-10. This book was such a raw and emotional look at what mental illness looks like in the mind of the author, an EMT, and healthcare professional. It was both heartbreaking and riveting, and most importantly...lets you know you're not alone. It's easy to believe you are and to hear from this brave man who suffered and was able to overcome, it's inspiring and moving. If you or someone you love suffer from any mental illness, share this book with them. This is the author's story, his

sufferings & his achievements: - His letter saying Goodbye to the World - His life dealing with Mental Health including Family, School & Work - His Struggles to realize he has a problem & need Help - How he overcame & became a better Person

A razor-sharp memoir in which a young woman travels to Cambodia, Stockholm, and Paris to overcome the legacy of her difficult and charismatic father

When Victoria Loustalot was eight years old her father swept her up in a fantasy: a trip around the world. It was a grandiose plan and she had fallen for it. But it had never been so much as a possibility. Victoria's father was sick. He was HIV positive and soon to fall prey to AIDS. Three years later he would be gone. When Victoria realized that the grand trip with her father wasn't going to happen, she was devastated. Her mother assumed she'd get over it, that eventually it would become just a shrug. But it didn't. In the years to come, Victoria wondered what it would have been like to have been alone with her dad all those months, to see him outside of his sickness, beyond anything related to their family or their life. To have been with him in a new context. That's what she wanted. And that's what she did. Some fifteen years after that initial promise, Victoria went to Stockholm, to Angkor Wat, and to Paris. She went to the places they were meant to see together, and she went to make peace with her father, too. Because while he'd always be forty-four, she'd gone on accumulating birthdays. Every year, her understanding of him continued to evolve and their relationship was still alive. Victoria Loustalot felt trapped beneath all of the unanswered questions he left behind. She needed to be set free. She needed to say goodbye.

Mary Moon explores the landscape of long-married life—the hidden hurts and disappointments that lead women to consider leaving, and the tender weight of shared history that prompts them to stay. In “Into the Light,” a wife and mother finds the idea that she might legally choose the moment of her death comforting, but how will she balance the finality of that choice against the little joys and inevitable tragedies of living?

And in “Missing the Boat,” a couple on a cruise vacation share very different ideas of how to spend their days, with unforeseen results. From the editor of the celebrated anthology *Goodbye to All That: Writers on Loving and Leaving New York*, comes a new collection of original essays on what keeps writers tethered to New York City. The “charming” (The New York Times) first anthology *Goodbye to All That*—inspired by Joan Didion’s classic essay about loving and leaving Manhattan—chronicled the difficulties and disappointments inherent in loving New York, while *Never Can Say Goodbye* is a celebration of the city that never sleeps, in the tradition of E.B. White’s classic essay, “Here Is New York.” Featuring contributions from such luminaries as Elizabeth Gilbert, Susan Orlean, Nick Flynn, Adelle Waldman, Phillip Lopate, Owen King, Amy Sohn, and many others, this collection of essays is a must-have for every lover of New York—regardless of whether or not you call the Big Apple home. Hello my friends. I appreciate this opportunity to communicate my story to you and hope that I might have some impact on you, the reader. I have had a singular reason for writing this book and have great hopes that I have done a successful job at clarity during the process. I have opened the doors of my life and pulled back the curtains that have veiled my securities and insecurities, as well. I know that judgements will be made, and opinions garnered based on the level of exposure that I have committed myself to. It is a fast-moving life that we live in. Technology has brought information to light at lightning speeds. I mention this because we can easily fall off-pace, sometimes disregarding those far more important, deeper personal communications and connections. Though we may not stop or slow down progress, I do wonder if we are losing some of the intimacy that we have shared in the past. I have come to the summation that how we say goodbye is just as important as how we say hello. Not all Hellos are the same and certainly not all goodbyes. The people who touch our lives may move swiftly past and some will come and

stay awhile. For those brief encounters, to those that are so long lasting, I would like to say a warm hello and a sincere goodbye... and Thank You Written within a cloistered environment to protect sources that have yet to be identified, TOO LATE TO SAY GOODBYE is a chilling portrait of two beautiful, successful women whose murders were made to look like suicides. Jenn Corbin appeared to have it all: two little boys, a posh home in the suburbs of Atlanta, and a husband - Dr Bart Corbin, a successful dentist - who was handsome and brilliant. Then, in December 2004, Jenn was found dead with a bullet in her head, apparently by suicide. Only later would detectives learn that another woman in Dr Corbin's past had been found years earlier with nearly the exact same wound to the head, also ruled a suicide. In TOO LATE TO SAY GOODBYE, Ann Rule - working in cooperation with victims' families, police investigators, and sources from Georgia to Australia - unravels the now-sensational deaths. What emerges is an incredible tale of jealous rage; of stunning evidence that runs from the steamy to the macabre; and of a fateful, mind-boggling coincidence that appears to have motivated the killings. The definitive unravelling of one of the strangest murder investigations of our time, this is the greatest achievement of a truly great writing career. "I mean, it's not as if I want a father. I have a father. It's just that I don't know who he is or where he is. But I have one." Ramiro Lopez and Jake Upthegrove don't appear to have much in common. Ram lives in the Mexican-American working-class barrio of El Paso called "Dizzy Land." His brother is sinking into a world of drugs, wreaking havoc in their household. Jake is a rich West Side white boy who has developed a problem managing his anger. An only child, he is a misfit in his mother's shallow and materialistic world. But Ram and Jake do have one thing in common: They are lost boys who have never met their fathers. This sad fact has left both of them undeniably scarred and obsessed with the men who abandoned them. As Jake and Ram overcome their suspicions of each other, they begin to move

away from their loner existences and realize that they are capable of reaching out beyond their wounds and the neighborhoods that they grew up in. Their friendship becomes a healing in a world of hurt. San Antonio Express-News wrote, "Benjamin Alire Sáenz exquisitely captures the mood and voice of a community, a culture, and a generation"; that is proven again in this beautifully crafted novel. Suicide would appear to be the last taboo. Even incest is now discussed freely in popular media, but the suicide of a loved one is still an act most people are unable to talk about--or even admit to their closest family or friends. This is just one of the many painful and paralyzing truths author Carla Fine discovered when her husband, a successful young physician, took his own life in December 1989. And being unable to speak openly and honestly about the cause of her pain made it all the more difficult for her to survive. With *No Time to Say Goodbye*, she brings suicide survival from the darkness into light, speaking frankly about the overwhelming feelings of confusion, guilt, shame, anger, and loneliness that are shared by all survivors. Fine draws on her own experience and on conversations with many other survivors--as well as on the knowledge of counselors and mental health professionals. She offers a strong helping hand and invaluable guidance to the vast numbers of family and friends who are left behind by the more than thirty thousand people who commit suicide each year, struggling to make sense of an act that seems to them senseless, and to pick up the pieces of their own shattered lives. And, perhaps most important, for the first time in any book, she allows survivors to see that they are not alone in their feelings of grief and despair. Eden faces a final reckoning when the cult's past victims hunt them down in this explosive, high-stakes thriller in the Sacramento series from New York Times bestselling author Karen Rose. For decades, Eden has remained hidden in the remote wilds of the Pacific Northwest, "Pastor" keeping his cult's followers in thrall for his personal profit and sexual pleasures. But the Founding Elders are

splintering, and Pastor's surrogate son DJ is scheming to make it all his own. When two of Eden's newest members send out a cry for help, it reaches FBI Special Agent Tom Hunter, whose friend and fellow FBI Special Agent Gideon Reynolds and his sister, Mercy, are themselves escapees of the Eden cult, targeted by the Founding Elders who want them silenced forever. The three have vowed to find the cult and bring it down, and now, they finally have a solid lead. Neutralizing Eden's threat will save captive members and ensure Tom's new friends can live without fear. But when his best friend, ex-Army combat medic Liza Barkley, joins the case, it puts her life—and their blossoming love—in danger. With everything they hold dear in the balance, Tom and Liza, together with Gideon and Mercy, must end Eden once and for all.

THE STORY: The action of the play is set in Cleveland on the day before young Conor Staiger is to undergo an operation which he will not, for long, survive. Then, in flashbacks, we meet Conor's parents, Marty and Casey, whose marriage has not prove New York Times bestselling author C.J. Box's novels have been called "red hot" (Booklist) and "edge-of-your-seat read[s]" (Omaha World-Herald). Now he delivers a novel that will steal your sleep as much as it will wrench your heart. Three Weeks to Say Goodbye is a novel about something that could be anyone's worst nightmare. . . Jack and Melissa McGuane have spent years trying to have a baby. Finally their dream has come true with the adoption of their daughter, Angelina. But nine months after bringing her home, they receive a devastating phone call... Angelina's birth father, a teenager, never signed away his parental rights—and he wants her back. Worse, his father, a powerful Denver judge, will use every trick in the book to make sure it happens. The McGuanes attempt to meet face-to-face with the father and son...but soon it becomes clear that there's something sinister about their motivations—and that love for Angelina is not one of them. A horrifying game of intimidation and double crosses begins that quickly becomes a death spiral where

everyone is suspect and no one is safe. Now Jack and Melissa will stop at nothing to protect their child—even though time is running out... C.J. Box has once again written a bone-chilling thriller that will keep you guessing until the very last page. Susan Spencer-Wendel's *Until I Say Good-Bye: My Year of Living with Joy* is a moving and inspirational memoir by a woman who makes the most of her final days after discovering she has amyotrophic lateral sclerosis (ALS). After Spencer-Wendel, a celebrated journalist at the Palm Beach Post, learns of her diagnosis of ALS, more commonly known as Lou Gehrig's disease, she embarks on several adventures, traveling to several countries and sharing special experiences with loved ones. One trip takes Spencer-Wendel and her fourteen-year-old daughter, Marina, to New York City's Kleinfeld's Bridal to shop for Marina's future wedding dress—an occasion that Susan knows she will never see. Co-written with Bret Witter, *Until I Say Good-Bye* is Spencer-Wendel's account of living a full life with humor, courage, and love, but also accepting death with grace and dignity. It's a celebration of life, a look into the face of death, and the effort we must make to show the people that we love and care about how very much they mean to us. A resource book for anyone who is planning a funeral. You may be a family member or a friend of someone who has died. You may be planning your own funeral. You may arrange and conduct funerals professionally. Here you will find an abundance of words and ideas for celebrating a life in ways that are personal and honest. It's Not You . . . It's THEM! Have you ever hung up with your boss and felt like you were nine years old again? Do you get a pang in the pit of your stomach when you see a certain "friend's" number on your caller ID? Do you find yourself frequently apologizing to a family member even though you know you've done nothing wrong? If any of these scenarios sound familiar or you have ever felt bullied, manipulated, guilted, or threatened in a relationship, you could have a PDI! PDI, or Personality Disordered Individual, is a

psychiatric term used to identify those people with whom we must interact and who can make us feel miserable in the process. PDIs make “toxic” people look like Santa Clause and often have unique attitude problems and behaviors that we must deal with but do not enrich, improve, enhance, boost, encourage, motivate, or inspire us. Day in and day out, they make us miserable! Stan Kapuchinski, M.D., has encountered numerous PDIs and their victims in his private psychiatry practice for more than twenty-five years. In *Say Goodbye to Your PDI*, he sheds light on five types of personality disorders and teaches:

- How PDIs ensnare us into repeatedly dealing with them
- How to spot a PDI at work and in our personal lives
- Coping mechanisms to handle PDIs who we cannot eliminate from our lives
- Techniques and advice on how to get rid of a PDI for good

*Say Goodbye to Your PDI* will help you stop your misery and will help you deal more effectively with the users, the manipulators, the smooth talkers, and the guilt-trippers out there. Stan Kapuchinski, M.D. , writes the widely read column “Ask Dr. K.” A board-certified psychiatrist, Dr. Kapuchinski has served as assistant professor of psychiatry at the University of Connecticut and special psychiatric consultant in Queensland, Australia. His expertise on human relationships has made him a sought-after commentator for hundreds of television and radio outlets. A personal story of baby loss and 90 days of support to walk you through grief. An art therapy and activity book for children coping with the death of someone they love. Sensitive exercises address all the questions children may have during this emotional and troubling crisis. Children are encouraged to express in pictures what they are often incapable of expressing in words. #1 NEW YORK TIMES, WALL STREET JOURNAL, AND BOSTON GLOBE BESTSELLER • One of the most acclaimed books of our time: an unforgettable memoir about a young woman who, kept out of school, leaves her survivalist family and goes on to earn a PhD from Cambridge University “Extraordinary . . . an act of courage and self-invention.”—The

New York Times NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW • ONE OF PRESIDENT BARACK OBAMA'S FAVORITE BOOKS OF THE YEAR • BILL GATES'S HOLIDAY READING LIST • FINALIST: National Book Critics Circle's Award In Autobiography and John Leonard Prize For Best First Book • PEN/Jean Stein Book Award • Los Angeles Times Book Prize Born to survivalists in the mountains of Idaho, Tara Westover was seventeen the first time she set foot in a classroom. Her family was so isolated from mainstream society that there was no one to ensure the children received an education, and no one to intervene when one of Tara's older brothers became violent. When another brother got himself into college, Tara decided to try a new kind of life. Her quest for knowledge transformed her, taking her over oceans and across continents, to Harvard and to Cambridge University. Only then would she wonder if she'd traveled too far, if there was still a way home. "Beautiful and propulsive . . . Despite the singularity of [Westover's] childhood, the questions her book poses are universal: How much of ourselves should we give to those we love? And how much must we betray them to grow up?"—Vogue NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Washington Post • O: The Oprah Magazine • Time • NPR • Good Morning America • San Francisco Chronicle • The Guardian • The Economist • Financial Times • Newsday • New York Post • theSkimm • Refinery29 • Bloomberg • Self • Real Simple • Town & Country • Bustle • Paste • Publishers Weekly • Library Journal • LibraryReads • Book Riot • Pamela Paul, KQED • New York Public Library An art therapy and activity book for children coping with death. Sensitive exercises address all the questions children may have during this emotional and troubling crisis. Children are encouraged to express in pictures what they are often incapable of expressing in words. TJ has pined for Kate for six years. He lost the love of his life because of a stupid mistake but now he's determined that things will be different this time.

When he meets Julia, things seem to be going right for him until he begins to obsess over Kate again. Julia falls head over heels in love with TJ but he is only with her because of the resemblance she has to his ex-wife. Will TJ finally leave the past where it's meant to be and move on with Julia or is his happily ever after always going to delude him? Eighty-four years old and terminally ill with cancer, psychiatrist Pat Ferguson wants nothing more than for her life, which no longer brings her joy, to be over. But when her ailing body refuses to let go, she asks her son Sean to do the unthinkable: to help her to die. *Before We Say Goodbye* is Sean Davison's personal account of the months he spent with his mother before her death. Written as a diary, it candidly recounts Davison's emotional struggle during that time, the tension between members of their family and his ultimate decision to grant his mother's last request and end her suffering. This touching, honest and thought-provoking memoir will resonate not only with countless families who have found themselves in a similar position, but with all of us who may one day have to face that choice: a choice that, for Sean Davison, would come to have life-changing consequences. In the spirit of *ONE DAY*, comes a fresh and warmhearted love story for the 21st century.

Sometimes the end is just the beginning . . . Sam Elling works for an internet dating company, but he still can't get a date. So he creates an algorithm that will match you with your soul mate. Sam meets the love of his life, a coworker named Meredith, but he also gets fired when the company starts losing all their customers to Mr. and Ms. Right. When Meredith's grandmother, Livvie, dies suddenly, Sam uses his ample free time to create a computer program that will allow Meredith to have one last conversation with her grandmother. Mining from all her correspondence—email, Facebook, Skype, texts—Sam constructs a computer simulation of Livvie who can respond to email or video chat just as if she were still alive. It's not supernatural, it's computer science. Meredith loves it, and the couple begins to

wonder if this is something that could help more people through their grief. And thus, the company RePose is born. The business takes off, but for every person who just wants to say good-bye, there is someone who can't let go. In the meantime, Sam and Meredith's affection for one another deepens into the kind of love that once tasted, you can't live without. But what if one of them suddenly had to? This entertaining novel, delivers a charming and bittersweet romance as well as a lump in the throat exploration of the nature of love, loss, and life (both real and computer simulated). Maybe nothing was meant to last forever, but then again, sometimes love takes on a life of its own.
