## Reason to Believe

Jan 24 2020 The first full-length novel in Rebecca Yarros's Legacy Series, where a group of elite hotshot firefighters return home to their small Colorado town to rebuild the crew their fathers died for, discover that family is more than blood, and find loves more consuming than the flames they battle. DESCRIPTION: In Legacy, Colorado, family and firefighting are everything. Knox Daniels-- A decade

after tragedy took my father and eighteen other hotshots, I'm headed home to help rebuild their legendary crew. We've been given only one season to get operational and qualified, but I can't deny Harper--my best friend's little sister--when she asks me for help. She's still everything I've ever wanted, but her brother drew a line years ago, and crossing it would destroy our friendship and jeopardize our new crew. Harper

Anders-- When my student is orphaned with his baby brother, becoming their temporary foster mom is the only way to save them from being separated. The price: moving in and faking a relationship with Knox for the paperwork. Easy-- we've known each other since we were kids, but Knox doesn't know I've loved him just as long...until one night everything changes. As our temporary becomes long-term, we're faced with very real

feelings for these boys--and each other. But nothing is certain in foster care or fires, and when our world goes up in flames, we'll have to choose between fighting for this family and keeping the ones we love from getting burned.

**The Things We Leave Unfinished**  
Feb 23 2020 Told in alternating timelines, THE THINGS WE LEAVE UNFINISHED examines the risks we take for love, the scars too deep to heal, and the endings we can't bring ourselves to see coming.

Twenty-eight-year-

old Georgia Stanton has to start over after she gave up almost everything in a brutal divorce—the New York house, the friends, and her pride. Now back home at her late great-grandmother's estate in Colorado, she finds herself face-to-face with Noah Harrison, the bestselling author of a million books where the cover is always people nearly kissing. He's just as arrogant in person as in interviews, and she'll be damned if the good-looking writer of love stories thinks he's the one to finish her grandmother's final novel...even if the publisher swears he's the perfect fit. Noah is at the

pinnacle of his career. With book and movie deals galore, there isn't much the "golden boy" of modern fiction hasn't accomplished. But he can't walk away from what might be the best book of the century—the one his idol, Scarlett Stanton, left unfinished. Coming up with a fitting ending for the legendary author is one thing, but dealing with her beautiful, stubborn, cynical great-granddaughter, Georgia, is quite another. But as they read Scarlett's words in both the manuscript and her box of letters, they start to realize why Scarlett never finished the book—it's based on her real-life

romance with a World War II pilot, and the ending isn't a happy one. Georgia knows all too well that love never works out, and while the chemistry and connection between her and Noah is undeniable, she's as determined as ever to learn from her great-grandmother's mistakes—even if it means destroying Noah's career. *Hope in the Dark* Jun 09 2021 "[A] landmark book . . . Solnit illustrates how the uprisings that begin on the streets can upend the status quo and topple authoritarian regimes" (Vice). A book as powerful and influential as Rebecca Solnit's *Men Explain Things to Me*, her *Hope in*

the *Dark* was written to counter the despair of activists at a moment when they were focused on their losses and had turned their back to the victories behind them—and the unimaginable changes soon to come. In it, she makes a radical case for hope as a commitment to act in a world whose future remains uncertain and unknowable. Drawing on her decades of activism and a wide reading of environmental, cultural, and political history, Solnit argues that radicals have a long, neglected history of transformative victories, that the positive consequences of

our acts are not always immediately seen, directly knowable, or even measurable, and that pessimism and despair rest on an unwarranted confidence about what is going to happen next. Now, with a moving new introduction explaining how the book came about and a new afterword that helps teach us how to hope and act in our unnerving world, she brings a new illumination to the darkness of our times in an unforgettable new edition of this classic book. "One of the best books of the 21st century."  
—The Guardian "No writer has better understood the mix of fear and possibility, peril

and exuberance that's marked this new millennium."  
—Bill McKibben, New York Times–bestselling author of *Falter* "An elegant reminder that activist victories are easily forgotten, and that they often come in extremely unexpected, roundabout ways."  
—The New Yorker

contentment in the here and now – taking time out to enjoy small tasks, connect with other people and enjoy all the beauty of nature throughout the year. *A Breath of Fresh Air* is structured by seasons, with a focus on finding joy in the natural world. **Life Work** Jul 10 2021 The revered American Poet Laureate reflects on the meaning of work, solitude, and love with

"extraordinary nobility and wisdom" (The New York Times) When Donald Hall moved to his grandparents' New Hampshire farm in 1975, his work as a writer and a life devoted to the literary arts must have seemed remote from the harsh physical labor of his ancestors. However, he reveals a similar kind of artistry in the lives of his grandparents, Kate and Wesley. From them, he learned that the devotion to craft—be it canning vegetables, writing poems, or carting manure—creates its own special discipline and an 'absorbedness' that no wage can compensate. In this "sustained meditation on work

as the key to personal happiness" (Los Angeles Times), we see how the writer has modeled his own life on his family's lives of work, solitude, and love. When Hall comes face to face with his own mortality halfway through writing this book, we understand both his obsession with work and its ultimate consolation.

### **The Bed Moved**

Nov 02 2020 The audacious, savagely funny debut of a writer of razor-sharp wit and surprising tenderness: a collection of stories that gives us a fresh take on adolescence, death, sex; on being Jewish-ish; and on

finding one's way as a young woman in the world. A New Yorker, trying not to be jaded, accompanies a cash-strapped pot grower to a "clothing optional resort" in California. A nerdy high-schooler has her first sexual experience at Geology Camp. A college student, on the night of her father's funeral, watches a video of her bat mitzvah, hypnotized by the image of the girl she used to be . . . Frank and irreverent, Rebecca Schiff's stories offer a singular view of growing up (or not) and finding love (or not) in today's ever-uncertain landscape. In its bone-dry humor, its pithy observations,

and its thrilling ability to unmask the most revealing moments of human interaction—no matter how fleeting—The Bed Moved announces a new talent to be reckoned with.

## **Webb: Night Calls**

Jun 28 2020

Rebecca Norris Webb's meditation on fathers and daughters, one's first landscape, caretaking of the land and its inhabitants, and on history that divides us as much as heals us Rebecca Norris Webb (born 1956) first came across W. Eugene Smith's "Country Doctor," his famous Life magazine photo essay, while studying at the International Center of Photography in New York. She was immediately drawn to the subject of Smith's essay, Dr Ernest Ceriani, a Colorado country doctor who was just a few years older than her father. She wondered: How

would a woman tell this story, especially if she happened to be the doctor's daughter? In light of this, for the past six years Norris Webb has retraced the route of her 99-year-old father's house calls through Rush County, Indiana, the rural county where they both were born. Following his work rhythms, she photographed often at night and in the early morning, when many people arrive into the world--her father delivered some one thousand babies--and when many people leave it. Accompanying the photographs, lyrical text pieces addressed to her father create a series of

handwritten letters told at a slant. How Do You Feel? Jan 16 2022 The toad feels bumpy, like a gnarly tree. The snake feels smooth, like a stone polished by the sea. [The Girls](#) Dec 23 2019 In Lori Lansens' astonishing second novel, readers come to know and love two of the most remarkable characters in Canadian fiction. Rose and Ruby are twenty-nine-year-old conjoined twins. Born during a tornado to a shocked teenaged mother in the hospital at Leaford,

Ontario, they are raised by the nurse who helped usher them into the world. Aunt Lovey and her husband, Uncle Stash, are middle-aged and with no children of their own. They relocate from the town to the drafty old farmhouse in the country that has been in Lovey's family for generations. Joined to Ruby at the head, Rose's face is pulled to one side, but she has full use of her limbs. Ruby has a beautiful face, but her body is tiny and she is unable to walk. She rests her legs on her sister's hip, rather like a small child or a doll. In spite of their situation, the girls lead surprisingly separate lives. Rose

is bookish and a baseball fan. Ruby is fond of trash TV and has a passion for local history. Rose has always wanted to be a writer, and as the novel opens, she begins to pen her autobiography. Here is how she begins: I have never looked into my sister's eyes. I have never bathed alone. I have never stood in the grass at night and raised my arms to a beguiling moon. I've never used an airplane bathroom. Or worn a hat. Or been kissed like that. I've never driven a car. Or slept through the night. Never a private talk. Or solo walk. I've never climbed a tree. Or faded into a crowd. So many things I've never done, but oh,

how I've been loved. And, if such things were to be, I'd live a thousand lives as me, to be loved so exponentially. Ruby, with her marvellous characteristic logic, points out that Rose's autobiography will have to be Ruby's as well — and how can she trust Rose to represent her story accurately? Soon, Ruby decides to chime in with chapters of her own. The novel begins with Rose, but eventually moves to Ruby's point of view and then switches back and forth. Because the girls face in slightly different directions, neither can see what the other is writing, and they don't tell

each other either. The reader is treated to sometimes overlapping stories told in two wonderfully distinct styles. Rose is given to introspection and secrecy. Ruby's style is "tell-all" — frank and decidedly sweet. We learn of their early years as the town "freaks" and of Lovey's and Stash's determination to give them as normal an upbringing as possible. But when we meet them, both Lovey and Stash are dead, the girls have moved back into town, and they've received some ominous news. They are on the verge of becoming the oldest surviving craniopagus (joined

at the head) twins in history, but the question of whether they'll live to celebrate their thirtieth birthday is suddenly impossible to answer. In *Rose and Ruby*, Lori Lansens has created two precious characters, each distinct and loveable in their very different ways, and has given them a world in Leaford that rings absolutely true. The girls are unforgettable. *The Girls* is nothing short of a tour de force.

A personal, lyrical narrative

about storytelling and empathy, from the author of Orwell's *Roses and Apricots*. Her mother's disintegrating memory. An invitation to Iceland. Illness. These are Rebecca Solnit's raw materials, but *The Faraway Nearby* goes beyond her own life, as she spirals out into the stories she heard and read—from fairy tales to Mary Shelley's *Frankenstein*—that helped her navigate her difficult passage. Solnit takes us into the lives of others—an arctic cannibal, the young Che Guevara among the leprosy afflicted, a blues musician, an Icelandic artist and her labyrinth—to

understand warmth and coldness, kindness and imagination, decay and transformation, making art and making self. This captivating, exquisitely written exploration of the forces that connect us and the way we tell our stories is a tour de force of association, a marvelous Russian doll of a book that is a fitting companion to Solnit's much-loved *A Field Guide to Getting Lost*. **Fevered Star** May 28 2020 USA TODAY Bestseller Return to *The Meridian* with New York Times bestselling author Rebecca Roanhorse's sequel to the most critically hailed epic fantasy of 2020
