"Including bills of exchange ; promissory notes ; negotiable bonds and coupons ; checks ; bank notes ; certificates of deposit ; certificates of stock ; bills of credit ; bills of lading ; guaranties ; letters of credit ; and circular notes."--T.p. *The Legal Information Institute (LII)* of the Law School at Cornell University presents information on legislation and court decisions related to negotiable instruments law. A negotiable instrument is an unconditioned writing that promises or orders the payment of a fixed amount of money and is mainly governed by state statutory law. LII includes federal and state statutes, state judicial decisions, and other related Internet sites. In *The End of Negotiable Instruments: Bringing Payments Systems Law Out of the Past*, author James Rogers challenges the basic assumptions of the law of checks and notes and its history, and provides a well-reasoned account of how the law could be changed to better suit the evolution of new payment technologies. The modern American law of payment systems is in disarray. Efforts to create a unified body of law for payment systems have so far been unsuccessful. Part of the reason for that failure is the assumption that the existing law works well for the traditional paper-based check system, and that problems have been created only by the evolution of new technologies. *The End of Negotiable Instruments* argues that this assumption is unfounded. The basic law of checks is itself anachronistic. There are no other books that undertake a similar analysis—there are legal treatises on the law of checks and notes, but all of them take for granted the basic assumptions challenged in this book. Several articles were published in the late twentieth century concerning the dispute over the application of certain doctrines of traditional negotiable instruments law to modern consumer finance transactions, but none of this literature went on to consider the broader question of whether there is anything worthwhile left in negotiable instruments law. Excerpt from *The Law of Negotiable Instruments: Including Promissory Notes, Bills of Exchange, Bank Checks and Other Commercial Paper, With the Negotiable Instruments Law Annotated, and Forms of Pleading, Trial Evidence and Comparative Tables Arranged Alphabetically* by States The law herein set out is the law settled by the authorities rather than the writer's own views. The object has been to enable one readily to find the law of bills, notes and checks in any state or territory in the United States. The peculiarities of the law in those states which have adopted the *Negotiable Instruments Law* are set forth and all modifications are pointed out. The peculiarities of the law in those states which have not adopted the *Negotiable Instruments Law* are collected and arranged alphabetically by states. Thus the writer has endeavored to cover the entire field of the law of negotiable instruments, citing cases from every jurisdiction. Tool for teaching Revised UCC Article 3 and 4 and related commercial paper. Coverage largely traditional (mostly negotiable instruments) but presentation is new. Every section is divided into three parts: A basic explanation of the law (the Story); that sets up cases and other primary sources (the Law); that are behind a logical and easy-to-teach set of problems (Practice). Each section is freestanding to allow instructors to pick and choose what to teach, using text, cases, problems or a combination of all. Chapters are designed to allow flexibility with respect to substance and individual method of teaching. Excerpt from *The Law of Negotiable Instruments: Including Promissory Notes, Bills of Exchange, Bank Checks and Other Commercial Paper; With the Negotiable Instruments Law Annotated and Forms of Pleading, Trial Evidence and Comparative Tables Arranged Alphabetically* by States The importance of the *Law of Negotiable Instruments*, or the *Law of Bills, Notes and Checks*, will be realized when it is considered that over ninety percent of the work of paying for and effecting the exchange of interstate commerce is carried on today by means of commercial paper. It has been the endeavor of the author to furnish the practitioner and the student of the law such a practical presentation of the elementary principles of negotiable instruments as may serve, with the aid of its references to judicial decisions, as a complete and convenient guide in this important subject of the law. The law herein set out is the law settled by the authorities rather than the writer's own views. The object has been to enable one readily to find the law of bills, notes and checks in any state or territory in the United States. The peculiarities of the law in those states which have adopted the *Negotiable Instruments Law* are set forth and all modifications are pointed out. The peculiarities of the law in those states which have not adopted the *Negotiable Instruments Law* are collected and arranged alphabetically by states. Thus the writer has endeavored to cover the entire field of the law of negotiable instruments, citing cases from every jurisdiction. In the text discussing the elementary principles, the *Negotiable Instruments Law* is interwoven, distinguished by being printed in italics; the text of the law as printed is that of the New York Act. This is the last work of the late Leonard Gering who for decades has been an authoritative voice on the law of negotiable instruments, a subject described as notoriously difficult, which view is echoed by the learned Chief Justice in the foreword of this book. This work, like its two predecessors, is divided into two parts. Part One sets out in a clearly understandable manner the main principles underlying the law of negotiable instruments. Part Two contains the text of the Bills of Exchange Act 34 of 1964 (as amended by Act 56 of 2000) and conveniently and methodically deals consecutively with each section accompanied by a detailed commentary thereon.
