Written from an ecumenical standpoint as a practical aid for moving those experienced in individual spiritual direction toward group practices. This book responds to the movement to expand spiritual direction beyond the classic on-with-one model. Group spiritual direction has the potential to offer the rich experience of individual spiritual direction to a much wider audience, yet very little has been written to provide guidance for starting such groups. This book responds to that challenge. It outlines ways that a diverse and ecumenical group of spiritual directors worked to initiate groups in multiple contexts. It examines the many variables-among directors, directees, even meeting spaces-that affect and enliven this ministry. And it summarizes pitfalls, success, and discoveries. There is an increasing sense of uncertainty in the world. The Way of Discernment offers participants a way to discover God's will in their lives both as individuals and as a community of God. Whether experienced as a simple desire to follow God's way, a deep longing, or a satisfaction when we find a fulfilling path, discernment beckons believers. This 10-week study focuses on the ancient spiritual discipline of discernment for the individual, congregations, or larger bodies of the church. It follows the familiar Companions in Christ format of a weekly reading, daily exercises, and a weekly 2-hour small-group meeting. More of a journey in discernment than a how-to guide, this study for groups gently leads to the prayerful path of a richer, wiser life both for individuals and the larger church. Also available is a Leader's Guide with clear suggestions for the structure of meetings,

leadership suggestions, and specific entering and guided prayers. Praying together has the power to transform you and the world around you. Drawing from decades of ministry experience, this practical guide for group prayer from Carolyn Carney offers stories and practices for corporate prayer, reflection questions, and supplemental resources to help pastors and ministry leaders build powerful intercession groups. *Spiritual Building Blocks* takes the greatest commandment and uses it as the cornerstone in building a spiritual foundation to help notice God's presence in our everyday lives. Part 1 begins by unpacking the greatest commandment into six essential parts: God, the self, our neighbor, our head, our heart, and our hands. The opening chapters answer common questions about spirituality and its relationship with religion. Part 2 presents a variety of spiritual practices and exercises using our head, heart, and hands as building blocks to nurture our spiritual lives as we love God, the self, and our neighbors. Some of these practices may be new while others may be familiar but reframed in a new way. Personal stories by everyday people illustrate many of these exercises. *Spiritual Building Blocks* was written for individuals or small groups interested in deepening their spiritual lives. How can we experience God? God has communicated with his people throughout the ages in many ways. Adam and Eve encountered him directly in the Garden of Eden, Teresa of Avila experienced him through visions, and Francis of Assisi heard his voice in nature. This book gives practical advice for connecting on a deeply personal level with God. It uncovers new places to look for God, while providing reflection questions and activities to reinvigorate communication with God in such traditional areas as prayer and Bible study. Divided into twelve chapters conveniently organized for individual or group study, each section explores a different area in which we can deepen our individual communion with God. The *Renovaré Spiritual Formation Guides*, created by Richard J. Foster and the team that developed *The Renovaré Spiritual Formation Bible* and the longstanding *A Spiritual Formation Workbook*, provide tangible lessons that help us become spiritually formed, conformed, and transformed into the image of Jesus Christ. Geared for either individual study or use in small groups, each *Renovaré Spiritual Formation Guide* explores one facet of our life with God, providing readings from Scripture as well as classic and contemporary works of spirituality. The combination of readings, reflection questions, exercises, and activities makes these books invaluable interactive guides that prompt true spiritual growth. *Working with Groups on Spiritual Themes* offers 39 exercises in six categories: Growing Spiritually, Values, Creativity and Wonder, Relationships, Life Review, and Ceremonies. This how-to guide can help people talk about spiritual issues safely and without offense. Perfect for counselors, trainers, educators, clergy, and health-care professionals. Pastors and church leaders can use the normal activities of church life to touch the innermost lives of their flock, fostering spiritual growth and building up the body of Christ. These moving, positive essays witness the experiences of participants in Shalem Institute's group spiritual direction workshops. Each author relates what he or she learned as a member, mentor or facilitator of a spiritual direction group--a community gathered together to seek and share a desire for God in communal silence, dialogue, intercessory prayer and discernment--and adapts it to a specific setting--the family, workplace, congregation, seminary, the homeless. The result is this collection--a loving, gentle testament to the power of spiritual direction groups--that enables young and old, clergy and laity of all faiths to realize, celebrate and proclaim a commonality of greater spiritual purpose. Fluid and well-honed, *The Lived Experience of Group Spiritual Direction* is of great value to seminarians, graduate students, church organizations, clergy and laity of all faiths, as well as to anyone seeking guidance on the value of group spiritual direction. It features biographies of its numerous contributors. + "Henri Nouwen was one of the great spiritual masters of the modern age. His beloved writings

have helped millions understand that no matter where we are, God can meet us there. Read this brand-new compilation of his writings and conferences, and let Henri Nouwen accompany you—with his trademark wisdom, acuity, common sense, erudition and, most of all, compassion—and help you encounter God more fully in your daily life.” — James Martin, SJ, author of *The Jesuit Guide to (Almost) Everything*

Led by the writing of beloved, bestselling author Henri Nouwen (*With Open Hands*, *Reaching Out*, *The Wounded Healer*, *Making All Things New*), the authors of *Spiritual Direction*, return with the second work in this popular spirituality series on how to live out the five classical stages of spiritual development. This beginning workbook for *Spiritual Formation Groups* features guidelines for starting a group, study plans for the first nine sessions, and a questionnaire that helps map the way ahead. Based upon six major dimensions of the spiritual life found in the life of Christ and Christian tradition: The Contemplative Tradition - The Holiness Tradition - The Charismatic Tradition - The Social Justice Tradition - The Evangelical Tradition - and The Incarnational Tradition, this workbook program provides all the necessary ingredients to start and maintain a *Spiritual Formation Group*. Successfully used by thousands of *Spiritual Formation Group* participants, *A Spiritual Formation Workbook* has been completely revised to correlate with Richard J. Foster's *Streams of Living Water*. Its new and updated exercises and teachings offer fresh perspectives on Christian faith and practice. Christian in perspective and ecumenical in breadth, *RENOVARÉ* (from the Latin, meaning "to renew") is an effort committed to the renewal of the Church. Founded by bestselling writer Richard J. Foster, *RENOVARÉ* provides individual churches with a balanced, practical, effective small-group strategy for spiritual growth. This text explores the major new or unconventional religions and spiritual movements in America that exist outside the Judeo-Christian tradition. Group spirituality is an increasingly popular area of focus, and working in groups raises some very different and valuable consequences which wouldn't necessarily arise in a one-to-one encounter. In *Group Spirituality*, Roger Grainger, an author already established as an authority on Drama therapy, provides a functional guide to group spirituality and workshops. Derived from the authors' experiences of working with groups of people interested in exploring their own and other people's spirituality, *Group Spirituality* turns an abstract idea into a practical and recognizable experience. The nature of group work, the embodiment of ideas and feelings, and circumstances aiding personal encounter are discussed. Workshop examples aimed at establishing group identity and the introduction of the idea of the 'safe place' are explained. The symbolism of spiritual awareness is approached, and a firm distinction between spirituality and religion is made. *Group Spirituality's* approach to spirituality from a workshop focus, successfully attempts to embody spirituality and provide a framework for consciously examining and integrating spirituality within the rest of our life. The resource is designed to help spiritual directors and others use expressive arts in the context of spiritual direction. It is the latest book in the unique SDI series, designed for professional spiritual directors, but also useful for clergy, therapists, and Christian formation specialists. The *Spiritual Directors International Series* – This book is part of a special series produced by Morehouse Publishing in cooperation with *Spiritual Directors International (SDI)*, a global network of some 6,000 spiritual directors and members. Experienced spiritual director Alice Fryling presents an overview of what group spiritual direction is and how it is practiced, offering practical step-by-step guidance for those who would like to start, lead or participate in group spiritual direction. Transformation is what Christianity is all about. To follow Jesus is to enter into a journey from an old way of living to a new way of being. As Christians our goal is to become ever more conformed to the image of Christ. Of course we cannot attain this high goal in our lifetime. But we

can make progress. We can become more of who we long to be. We can leave behind old ways that have not served us well. We can become more loving to others, more open to God, more in tune with who we are called to be. Such transformation does not happen automatically, even though it is the Holy Spirit working in us to change us. We are asked "to work out your own salvation with fear and trembling; for it is God who is at work in you, enabling you both to will and to work for his good pleasure" (Phil 2:12-13). We work; God works in us. This book is about our part in the work of transformation. Spiritual Transformation examines two main themes. 1) The Dynamics of Spiritual Transformation are explored in six small group sessions: what it is and how it happens. 2) The Goal of Spiritual Transformation is described in six small group Bible studies focusing on Romans 12 & 13, where Paul provides a blueprint for how we are meant to live as followers of Jesus. Small Group Strategies lays out a strategic approach to small group meetings, and shows you how to personally and effectively nurture your students toward spiritual growth by giving direction to every idea and activity you use. It provides you with ideas to help students encounter Jesus and live out their faith at every level of spiritual growth. Spiritual study groups have never been more popular among Christians of all denominations. Coming together to study, pray, and plan ways to serve the community can spark new ideas and deeper reflection in each member of the group. A Spiritual Formation Journal, designed specifically to complement both individual and small group contemplation, is the perfect place to further explore these ideas and carry them into our everyday lives. As part of Renovare's popular collection of resource books, A Spiritual Formation Journal is uniquely designed with an emphasis on five great Christian traditions: Contemplative, the Prayer-Filled Life; Holiness, the Virtuous Life; Charismatic, the Spirit-Empowered Life; Social Justice, the Compassionate Life; and Evangelical, the Word-Centered Life. Divided into weekly sections, the journal offers an inviting space for written reflection and prayer as well as inspiring quotes, thought-provoking questions, evaluation exercises, and group worksheets to encourage the examination and celebration of spiritual growth. The Kingdom Life provides an integrated approach to spiritual formation. This rich compilation from an extraordinary team of thinkers offers sound theology and key practices to strengthen you and those you disciple in light of Christ's lordship and life in the kingdom. -- back. Evan Howard, a noted authority on Christian spirituality, provides a holistic, accessible, and informed introduction to Christian spiritual formation written from a broadly evangelical perspective. Howard joins Scripture with themes of community, spirit, formation, and mission in a single integrative guide. The book includes helpful features such as figures, charts, chapter overviews, and formation-focused questions. Its evangelical-ecumenical and global perspectives will appeal to a wide audience. Resources for professors and students are available through Baker Academic's Textbook eSources. Traces how three American women of different faiths worked together to understand one another while identifying the connections between Judaism, Christianity, and Islam, during which they openly discussed the issues that divided them. "God created us to be lovers," writes Nick Wagner in his introduction to Spiritual Direction in Context. "When we love, we are in right relationship. We are acting for justice. The ministry of every spiritual director, in any context, is to serve as a guide into the depths of that love relationship." Here, in this provocative collection of essays, respected leaders in the field of spiritual direction explore the myriad of contexts in which this relationship takes place and offers practical ways to respond to them. As the popularity of spiritual direction grows, directors are facing situations that monks and nuns - for centuries the exclusive practitioners of this profession - never had to face. The essays in this book, drawn from Presence, the journal of Spiritual Directors International, look deeply at

spiritual direction in a number of contexts, including the workplace, with the aging, in hospitals, with women's groups, with youth, with the homeless, and with those in mourning. *Spiritual Direction in Context* is the third in the SDI series. The healthy Christian life is one of continuing spiritual, emotional, and relational growth. But so many of us feel stuck or stagnated at one stage of the journey. It's not always clear to us where or why we are stuck, making it difficult to take the next step on our journey of the soul. That's where Bill and Kristi Gaultiere come in. After decades in private practice as counselors and therapists, they have developed a unique model for growing in grace. In *Journey of the Soul*, they draw on more than 70,000 hours of providing therapy and spiritual direction to show you how to identify your current stage of faith and the next steps to take based on your unique needs and struggles. With Scripture, self-assessments, and soul care practices to support your progress along the way, this insightful and inspiring book will be a treasured companion on your journey no matter where you are or how long you've been following Jesus. Intended for counsellors and spiritual directors, this text aims to assist gay men and lesbian women in relationships, prayer, liturgy, and in the problems produced by their commitment to, or rejection of, institutional religion. The bestselling author of *The Holy Longing* provides an inspiring message of hope and perseverance for all of us struggling with our faith in tumultuous times. The last few decades have rapidly birthed a modern world that would have been unrecognizable fifty years ago. As long-held beliefs on love, faith, and God are challenged by the aggregate of changes that have overhauled our world, many of us are left feeling confused and uncertain while old norms are challenged and redefined at breakneck speed. In *Wrestling with God*, Ronald Rolheiser offers a steady and inspiring voice to help us avow and understand our faith in a world where nothing seems solid or permanent. Drawing from his own life experience, as well as a storehouse of literary, psychological, and theological insights, the beloved author of *Sacred Fire* examines the fears and doubts that challenge us. It is in these struggles to find meaning, that Rolheiser lays out a path for faith in a world struggling to find faith, but perhaps more important, he helps us find our own rhythm within which to walk that path. First book addressing the concerns and issues of people of color in spiritual direction "These essays speak of how we have incorporated our contemplative practices into our family life; our urban, non-religious background; how we have been nurtured in struggles for health and life through our contemplative prayer practices and our courage to survive and even thrive in the midst of dire circumstances. We speak of the unfolding bridge between faith and culture; our conflicts with an Interspiritual journey with a Christian foundation; our sexuality; our journey to healing and authenticity; and how we are taking this practice that began in the first centuries of the church with the desert mothers and fathers to the present and into the future with spiritual direction through the Internet across the world." —from the Introduction The shift from adolescence to adulthood, a recently identified stage of life called "emerging adulthood," covers an increasing span of years in today's culture (roughly ages 18-30) due to later marriages and extended education. During this prolonged stage of exploration and self-definition, many young adults drift away from the church. Here two authors--both veteran teachers who are experienced in young adult and campus ministry--address this new and urgent field of study, offering a Christian perspective on what it means to be spiritually formed into adulthood. They provide a "practical theology" for emerging adult ministry and offer insight into the key developmental issues of this stage of life, including identity, intimacy and sexuality, morality, church involvement, spiritual formation, vocation, and mentoring. The book bridges the gap between academic and popular literature on emerging adulthood and offers concrete ways to facilitate spiritual formation among emerging adults. Diana Shiflett has spent years leading groups of all descriptions

in spiritual practices, and in this personal, hands-on guide, she walks us through a wide array—from communal silence and Scripture meditation to active prayer and corporate discernment. Offering step-by-step instructions, this resource will show you how spiritual practices can become life-giving resources in your ministry setting for years to come. Small group resources tend to overlook the spiritual side of small group leadership. And yet most would agree that spiritual preparation is the most important aspect of leading a small group. Only God's supernatural power can draw people to the truth and liberate them to be all that God wants them to be. Only through the Spirit's power can we expect to see the miracles that Jesus talked about when He said that if we would abide in Him, we would bear much fruit and even do greater works than He did while He was on earth. The key distinction of this book is the spiritual perspective it gives to small group ministry. So much of the literature about small groups relates to small group technique and only touches briefly on the Spirit's power. This book is a practical reference guide to help small group leadership begin to move in the supernatural realm. The book's first priority is to help small group leaders and members trust the Holy Spirit to lead them, empower them and work in their group. Small group facilitators often sense a lack of guidance, power and spiritual authority. Jesus knew His disciples would be powerless without a touch from the Holy Spirit, and so He told them to wait in Jerusalem, saying, "You will receive power when the Holy Spirit comes on you; and you will be my witnesses in Jerusalem, and in all Judea and Samaria, and to the ends of the earth" (Acts 1:8). Small group leaders need a power boost to make small group ministry relevant and exciting. The second priority of this book is to help the facilitator identify and mobilize each small group member to use his or her own spiritual gifts. Small group facilitators often feel ill-prepared to identify spiritual gifts of the people in the group. I firmly believe that the small group atmosphere is the perfect place to develop the gifts of the Spirit in each member's life, and so it is essential that the facilitator know how to do this. Whatever denominational or non-denominational label a church wears, the most important characteristic, in my opinion, is promoting individual sensitivity, devotion and dependence on the Holy Spirit. In a Holy Spirit-charged atmosphere, cell leaders are best raised up and members are encouraged to minister in their giftedness. This book has been written for those who are leading (facilitating) a small group, participating in a small group or considering joining a small group. Group members should read this book for two particular reasons: First, members make a significant contribution to the life of the cell. Each member will be intimately involved in causing supernatural events to happen—using the gifts, intercession, etc. In the life of the group, no one is to sit back and do nothing. The best cell leaders, in fact, rarely "lead" the entire cell, instead encouraging cell members to participate actively. Second, members are the next in line to actually lead the small group. I am assuming that the readers of this book are believers who desire God and are seeking to walk in the Spirit. I am also assuming that those reading this book are studying the Bible and growing in their relationships with the Lord. There are many great books dedicated to defining each spiritual gift in detail. Many other authors cover gifts beyond the scope of this book, such as voluntary poverty, hospitality, celibacy, missions, exorcism, martyrdom, artistic creativity, craftsmanship and music. Rather than cover every possible gift, this book will focus on how the Spirit uses gifts in the small group context and guides the leader to facilitate a Spirit-filled group. Because this book is written to lay leadership rather than senior leaders of the Church, I will not cover in detail the five-fold offices that Paul mentioned in Ephesians 4.8 Instead, the gifts I will cover in this book are explicitly listed in Scripture (the one exception is intercessory prayer, which I call a spiritual gift although some would disagree). The ancient practice of spiritual direction has caught the attention of many segments of the

church in the last few decades, but congregations often struggle to identify how this practice can shape the ethos of their communities today. In this thought-provoking, practical book, Tran and Boyd help congregations take a significant step toward integrating spiritual direction into their personal and communal discernment processes. Any pastor or lay person would benefit greatly from exploring and implementing the Prayer Model and Spiritual Discovery Method described in this book. Spiritual direction is increasingly popular among Christians of all mainstream traditions, with demand for directors outstripping supply in many places. And although the Bible is central to the practice of spiritual direction, very little has been published on how best to use it in this form of ministry. Experienced spiritual director Liz Hoare explores the central role the Bible has played in Christian experience, in order to discourage poor, shallow or rigid use of the Bible, which can lead to damage and inhibit spiritual growth. According to Hoare, the goal of spiritual direction is not a personal improvement plan but a people who are being shaped into the likeness of Christ, for the flourishing of the church as a whole. Using different methods of praying with the Bible and drawing on historical traditions of Christian spirituality, as well as current literature and practice, this book offers a rich, stimulating, and thoroughly biblical resource for all those who give and receive spiritual direction. Written from an ecumenical standpoint as a practical aid for moving those experienced in individual spiritual direction toward group practices This book responds to the movement to expand spiritual direction beyond the classic on-with-one model. Group spiritual direction has the potential to offer the rich experience of individual spiritual direction to a much wider audience, yet very little has been written to provide guidance for starting such groups. This book responds to that challenge. It outlines ways that a diverse and ecumenical group of spiritual directors worked to initiate groups in multiple contexts. It examines the many variables-among directors, directees, even meeting spaces-that affect and enliven this ministry. And it summarizes pitfalls, success, and discoveries. Nothing is more important for ministry today than small groups. (George Gallop Jr., a Christian who conducts polls on political and religious matters, quoted in chapter 1 of this book.) Lavin is quick to point out that this book is not merely about numerical growth. It is about nurturing spiritual growth, which in itself is a dynamic that leads to growth in numbers. Use this publication as a workbook. The chapters each end with fascinating questions for consideration and group discussion. Dr. Lavin offers five different kinds of group structures for discipleship development. Each is fully explored, offering the reader or study participant the opportunity to determine which style best fits their group. He also lists five essentials that must be present for any group to function effectively. Lavin has had over 35 years of experience in the ministry, during which time he has refined the methods that are most successful in leading people to commitment and discipleship. This book is filled with fascinating anecdotes and stories that have grown out of his experience with congregations where impressive growth has taken place. Dr. Ronald J. Lavin is Senior Pastor of King of Glory Lutheran Church, Fountain Valley, California. He previously served congregations in Indiana, Iowa, and Arizona. In each church where he served as pastor the membership doubled. He graduated cum laude from Carthage College, Northwestern Theological School of Theology, and engaged in graduate studies at the Lutheran School of Theology, Chicago. Lavin has published twelve books and numerous magazine articles. He has been in demand as a speaker and seminar leader at schools and churches throughout the country as well as in several foreign countries. Principles and methods for effectively launching a seeker small group. Best-selling author and evangelism expert Lee Strobel describes seeker small groups as “One of the most powerful and effective tools in evangelism.” A seeker small group is facilitated by a Christian leader, but group members are seekers—non-

Christians investigating Christianity. The group provides a safe context for seekers and believers to ask questions and dialogue about faith. This highly transferable model can be implemented by all kinds of ministries with a wide range of evangelistic styles and strategies. As believers complete evangelism courses such as *Becoming a Contagious Christian*, they are motivated to reach out to others but often feel they lack opportunities to interact with non-Christians. *Seeker Small Groups* is the missing evangelism tool churches need to fill the gap between evangelism training and real-life opportunities for engaging seekers in life-changing spiritual discussions. The book presents a detailed, step-by-step process for launching seeker small groups strategy in a wide variety of settings. The groups are for seekers whether or not they are attending church. Numerous stories and illustrations provide inspiration and encouragement so readers are not only equipped but also motivated to launch their own seeker groups. Many of us thirst for a meaningful spiritual life. We may even begin a spiritual journey, yet before we are very far along, we discover we need help. Is the living, compassionate God revealed in scripture in a way that offers guidance and comfort to us in our contemporary lives? Norvene Vest says a resounding "Yes!" Using the classic spiritual practice of *lectio divina* or "divine reading" in the context of small groups, she shows how this devotional and prayerful reading of the scriptures leads us to a deeper understanding of and relationship with God. "God created us to be lovers," writes Nick Wagner in his introduction to *Spiritual Direction in Context*. "When we love, we are in right relationship. We are acting for justice. The ministry of every spiritual director, in any context, is to serve as a guide into the depths of that love relationship." Here, in this provocative collection of essays, respected leaders in the field of spiritual direction explore the myriad of contexts in which this relationship takes place and offers practical ways to respond to them. As the popularity of spiritual direction grows, directors are facing situations that monks and nuns – for centuries the exclusive practitioners of this profession – never had to face. The essays in this book, drawn from *Presence*, the journal of Spiritual Directors International, look deeply at spiritual direction in a number of contexts, including the workplace, with the aging, in hospitals, with women's groups, with youth, with the homeless, and with those in mourning. *Spiritual Direction in Context* is the third in the SDI series. *The Spiritual Road: Helping Others Grow Spiritually* There is a process of spiritual growth. Do you know what it is? Can you guide others along its path? *The Spiritual Road: Helping Others Grow Spiritually* overviews this process with a step by step approach using nearly sixty real-life vignettes, clarifying charts, over 250 documented scripture citations, supportive Christian music from fifth through the twenty-first centuries as well as referencing important spiritual authors. Dr. Haynes writes for all Christian helpers including Bible study and church leaders as well as pastors, spiritual directors and small group facilitators. In addition to encouragement and increased understanding of spiritual growth, spiritual helpers will also receive a toolbox to assist with the on-the-road spiritual difficulties including types of prayer, effective forgiveness, dealing with pain, spiritual Dark Nights, subversive words and demons from the unconscious. Those familiar with psycho-social and faith developmental theories will appreciate, Dr. Haynes' comparisons with the process of personal spiritual growth. Endnotes and a bibliography as well as general and scriptural indexes round out this extensive work. The book's overall purpose is to assist Christians to grow in their personal relationship with God and in mature Christ-likeness in order to affect the Community of God in the world. Richard A. Haynes is an ordained minister of the Christian Church (Disciples of Christ), receiving his Doctor of Minister degree, with distinction, from Northern Baptist Theological Seminary in Lombard, Illinois in spirituality and small groups. Dr. Haynes has served as a spiritual director for over twenty-five years, was founder and

executive director of Paraclete Retreat Center, Inc. for eighteen years and retired after twenty-nine years in pastoral ministry. In retirement, he continues to provide spiritual guidance in person and through Skype (rahaynes201@aol.com). He and his wife, Patricia, live in south-central Indiana and have one married adult son.
