**A timely exploration of what Shakespeare's plays reveal about our divided land. "In this sprightly and enthralling book . . . Shapiro amply demonstrates [that] for Americans the politics of Shakespeare are not confined to the public realm, but have enormous relevance in the sphere of private life." —The Guardian (London)** The plays of William Shakespeare are rare common ground in the United States. For well over two centuries, Americans of all stripes—presidents and activists, soldiers and writers, conservatives and liberals alike—have turned to Shakespeare's works to explore the nation's fault lines. In a narrative arching from Revolutionary times to the present day, leading scholar James Shapiro traces the unparalleled role of Shakespeare's four-hundred-year-old tragedies and comedies in illuminating the many concerns on which American identity has turned. From Abraham Lincoln's and his assassin, John Wilkes Booth's, competing Shakespeare obsessions to the 2017 controversy over the staging of *Julius Caesar* in Central Park, in which a Trump-like leader is assassinated, *Shakespeare in a Divided America* reveals how no writer has been more embraced, more weaponized, or has shed more light on the hot-button issues in our history. **Born to survivalists in the mountains of Idaho, Tara Westover was seventeen the first time she set foot in a classroom. Her family was so isolated from mainstream society that there was no one to ensure the children received an education, and no one to intervene when one of Tara’s older brothers became violent. When another brother got himself into college, Tara decided to try a new kind of life. Her quest for knowledge transformed her, taking her over oceans and across continents, to Harvard and to Cambridge University. Only then would she wonder if she’d traveled too far, if there was still a way home. “Beautiful and propulsive . . . Despite the singularity of [Westover’s] childhood, the questions her book poses are universal: How much of ourselves should we give to those we love? And how much must we betray them to grow up?”—Vogue NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Washington Post • O: The Oprah Magazine • Time • NPR • Good Morning America • San Francisco Chronicle • The Guardian • The Economist • Financial Times • Newsday • New York Post • theSkimm • Refinery29 • Bloomberg • Self • Real Simple • Town & Country • Bustle • Paste • Publishers Weekly • Library Journal • LibraryReads • Book Riot • Pamela Paul, KQED • New York Public Library In this instant New York Times bestseller, Angela Duckworth shows anyone striving to**

**succeed that the secret to outstanding achievement is not talent, but a special blend of passion and persistence she calls “grit.” “Inspiration for non-geniuses everywhere” (People). The daughter of a scientist who frequently noted her lack of “genius,” Angela Duckworth is now a celebrated researcher and professor. It was her early eye-opening stints in teaching, business consulting, and neuroscience that led to her hypothesis about what really drives success: not genius, but a unique combination of passion and long-term perseverance. In Grit, she takes us into the field to visit cadets struggling through their first days at West Point, teachers working in some of the toughest schools, and young finalists in the National Spelling Bee. She also mines fascinating insights from history and shows what can be gleaned from modern experiments in peak performance. Finally, she shares what she’s learned from interviewing dozens of high achievers—from JP Morgan CEO Jamie Dimon to New Yorker cartoon editor Bob Mankoff to Seattle Seahawks Coach Pete Carroll. “Duckworth’s ideas about the cultivation of tenacity have clearly changed some lives for the better” (The New York Times Book Review). Among Grit’s most valuable insights: any effort you make ultimately counts twice toward your goal; grit can be learned, regardless of IQ or circumstances; when it comes to child-rearing, neither a warm embrace nor high standards will work by themselves; how to trigger lifelong interest; the magic of the Hard Thing Rule; and so much more. Winningly personal, insightful, and even life-changing, Grit is a book about what goes through your head when you fall down, and how that—not talent or luck—makes all the difference. This is “a fascinating tour of the psychological research on success” (The Wall Street Journal). **Prize-winning, bestselling author of *The Warmth of Other Suns* examines the unspoken caste system that has shaped America and shows how our lives today are still defined by a hierarchy of human divisions. #1 NONFICTION BOOK OF THE YEAR: Time ONE OF THE BEST BOOKS OF THE YEAR: The Washington Post, The New York Times, Los Angeles Times, The Boston Globe, O: The Oprah Magazine, NPR, Bloomberg, The Christian Science Monitor, New York Post, The New York Public Library, Fortune, Smithsonian Magazine, Marie Claire, Slate, Library Journal, Kirkus Reviews Winner of the Carl Sandberg Literary Award • Winner of the Los Angeles Times Book Prize • National Book Award Longlist • National Book Critics Circle Award Finalist • Dayton Literary Peace Prize Finalist • PEN/John Kenneth Galbraith Award for Nonfiction Finalist • PEN/Jean Stein Book Award Longlist • Kirkus Prize Finalist** “As we go about our daily lives, caste is the wordless usher in a darkened theater, flashlight cast down in the aisles, guiding us to our assigned seats for a performance. The hierarchy of caste is not about feelings or morality. It is about power—which groups have it and which do not.” In this brilliant book, Isabel Wilkerson gives us a masterful portrait of an unseen phenomenon in America as she explores, through an immersive, deeply researched, and beautifully written narrative and stories about real people, how America today and throughout its history has been shaped by a hidden caste system, a rigid hierarchy of human rankings. Beyond race, class, or other factors, there is a powerful caste system that influences people’s lives and behavior and the nation’s fate. Linking the caste systems of America, India, and Nazi Germany, Wilkerson explores eight pillars that underlie caste systems across civilizations, including divine will, bloodlines, stigma, and more. Using riveting stories about people—including Martin Luther King, Jr., baseball’s Satchel Paige, a single father and his toddler son, Wilkerson herself, and many others—she shows the ways that the insidious undertow of caste is experienced every day. She documents how the Nazis studied the racial systems in America to plan their outcasting of the Jews; she discusses why the cruel logic of caste requires that there be a bottom rung for those in the middle to measure themselves against; she writes about the

**surprising health costs of caste, in depression and life expectancy, and the effects of this hierarchy on our culture and politics. Finally, she points forward to ways America can move beyond the artificial and destructive separations of human divisions, toward hope in our common humanity. Original and revealing, *Caste: The Origins of Our Discontents* is an eye-opening story of people and history, and a reexamination of what lies under the surface of ordinary lives and of American life today. #1 NEW YORK TIMES BESTSELLER More than ONE MILLION copies sold A TODAY Show Read with Jenna Book Club Pick A New York Times Notable Book, and Chosen by Oprah Daily, Time, NPR, The Washington Post, Bill Gates and Barack Obama as a Best Book of the Year “Wise and wildly entertaining . . . permeated with light, wit, youth.” —The New York Times Book Review “A classic that we will read for years to come.” —Jenna Bush Hager, Read with Jenna book club “Fantastic. Set in 1954, Towles uses the story of two brothers to show that our personal journeys are never as linear or predictable as we might hope.” —Bill Gates “A real joyride . . . elegantly constructed and compulsively readable.” —NPR The bestselling author of *A Gentleman in Moscow* and *Rules of Civility* and master of absorbing, sophisticated fiction returns with a stylish and propulsive novel set in 1950s America In June, 1954, eighteen-year-old Emmett Watson is driven home to Nebraska by the warden of the juvenile work farm where he has just served fifteen months for involuntary manslaughter. His mother long gone, his father recently deceased, and the family farm foreclosed upon by the bank, Emmett's intention is to pick up his eight-year-old brother, Billy, and head to California where they can start their lives anew. But when the warden drives away, Emmett discovers that two friends from the work farm have hidden themselves in the trunk of the warden's car. Together, they have hatched an altogether different plan for Emmett's future, one that will take them all on a fateful journey in the opposite direction—to the City of New York. Spanning just ten days and told from multiple points of view, Towles's third novel will satisfy fans of his multi-layered literary styling while providing them an array of new and richly imagined settings, characters, and themes. “Once**

**again, I was wowed by Towles's writing—especially because *The Lincoln Highway* is so different from *A Gentleman in Moscow* in terms of setting, plot, and themes. Towles is not a one-trick pony. Like all the best storytellers, he has range. He takes inspiration from famous hero's journeys, including *The Iliad*, *The Odyssey*, *Hamlet*, *Huckleberry Finn*, and *Of Mice and Men*. He seems to be saying that our personal journeys are never as linear or predictable as an interstate highway. But, he suggests, when something (or someone) tries to steer us off course, it is possible to take the wheel.” - Bill Gates**

Hundreds of stunning images from black history have long been buried in The New York Times archives. None of them were published by The Times -- until now. UNSEEN uncovers these never-before published photographs and tells the stories behind them. It all started with Times photo editor Darcy Eveleigh discovering dozens of these photographs. She and three colleagues, Dana Canedy, Damien Cave and Rachel L. Swarns, began exploring the history behind them, and subsequently chronicling them in a series entitled *Unpublished Black History*, that ran in print and online editions of The Times in February 2016. It garnered 1.7 million views on The Times website and thousands of comments from readers. This book includes those photographs and many more, among them: a 27-year-old Jesse Jackson leading an anti-discrimination rally of in Chicago, Rosa Parks arriving at a Montgomery Courthouse in Alabama a candid behind-the-scenes shot of Aretha Franklin backstage at the Apollo Theater, Ralph Ellison on the streets of his Manhattan neighborhood, the firebombed home of Malcolm X, Myrlie Evans and her children at the funeral of her slain husband ,**

**Medgar, a wheelchair-bound Roy Campanella at the razing of Ebbets Field. Were the photos -- or the people in them -- not deemed newsworthy enough? Did the images not arrive in time for publication? Were they pushed aside by words at an institution long known as the Gray Lady? Eveleigh, Canedy, Cave, and Swarms explore all these questions and more in this one-of-a-kind book. UNSEEN dives deep into The Times photo archives -- known as the Morgue -- to showcase this extraordinary collection of photographs and the stories behind them. A New York Times bestseller and a "Best Thriller of the Year" Winner of the Goncourt Prize and now an international phenomenon, this dizzying, whip-smart novel blends crime, fantasy, sci-fi, and thriller as it plumbs the mysteries surrounding a Paris-New York flight. Who would we be if we had made different choices? Told that secret, left that relationship, written that book? We all wonder—the passengers of Air France 006 will find out. In their own way, they were all living double lives when they boarded the plane: Blake, a respectable family man who works as a contract killer. Slimboy, a Nigerian pop star who uses his womanizing image to hide that he's gay. Joanna, a Black American lawyer pressured to play the good old boys' game to succeed with her Big Pharma client. Victor Miesel, a critically acclaimed yet largely obscure writer suddenly on the precipice of global fame. About to start their descent to JFK, they hit a shockingly violent patch of turbulence, emerging on the other side to a reality both perfectly familiar and utterly strange. As it charts the fallout of this logic-defying event, *The Anomaly* takes us on a journey from Lagos and Mumbai to the White House and a top-secret hangar. In Hervé Le Tellier's most ambitious work yet, high literature follows the lead of a bingeable Netflix series, drawing on the best of genre fiction from "chick lit" to mystery, while also playfully critiquing their hallmarks. An ingenious, timely variation on the doppelgänger theme, it taps into the parts of ourselves that elude us most. Forty easy-to-read daily puzzles edited by Eugene T. ***beloved and revered actresses and performers in America. The Carol Burnett Show was seen each week by millions of adoring fans and won twenty-five Emmys in its remarkable eleven-year run. Now, in This Time Together, Carol really lets her hair down and tells one funny or touching or memorable story after another. In engaging anecdotes, Carol discusses her remarkable friendships with stars such as Jimmy Stewart, Lucille Ball, Cary Grant, and Julie Andrews; the background behind famous scenes, like the moment she swept down the stairs in her curtain-rod dress in the legendary "Went with the Wind" skit; and things that would happen only to Carol—the prank with Julie Andrews that went wrong in front of the First Lady; the famous Tarzan Yell that saved her during a mugging; and the time she faked a wooden leg to get served in a famous ice cream emporium. This poignant look back allows us to cry with the actress during her sorrows, rejoice in her successes, and finally, always, to laugh. **Joan is a thirtysomething ICU doctor at a busy New York City hospital. The daughter of Chinese parents who came to the United States to secure the American dream for their children, Joan is intensely devoted to her work, happily solitary, successful. She does look up sometimes and wonder where her true roots lie: at the hospital, where her white coat makes her feel needed, or with her family, who try to shape her life by their own cultural and social expectations. Once Joan and her brother, Fang, were established in their careers, her parents moved back to China, hoping to spend the rest of their lives in their**

**homeland. But when Joan's father suddenly dies and her mother returns to America to reconnect with her children, a series of events sends Joan spiraling out of her comfort zone just as her hospital, her city, and the world are forced to reckon with a health crisis more devastating than anyone could have imagined. Deceptively spare yet quietly powerful, laced with sharp humor, Joan Is Okay touches on matters that feel deeply resonant: being Chinese-American right now; working in medicine at a high-stakes time; finding one's voice within a dominant culture; being a woman in a male-dominated workplace; and staying independent within a tight-knit family. But above all, it's a portrait of one remarkable woman so surprising that you can't get her out of your head. A stunning collection of new fiction previously published as The Decameron Project and originally commissioned by The New York Times Magazine as the COVID-19 pandemic first spread across the world, from twenty-nine authors including Margaret Atwood, Tommy Orange, Edwidge Danticat, Rachel Kushner, Colm Tóibín, Charles Yu, and more. When reality is surreal, only fiction can make sense of it... In 1353, Giovanni Boccaccio wrote The Decameron: one hundred nested tales told by a group of young men and women passing the time at a villa outside Florence while waiting out the gruesome Black Death, a plague that killed more than 25 million people. Some of the stories are silly, some are bawdy, some are like fables. In March 2020, the editors of The New York Times Magazine worked to create a collection of stories written just as the pandemic first swept the globe. How might new fiction from some of today's finest writers help us memorialize and understand the unimaginable? And what could be learned about how this crisis will affect the art of fiction? These Stories from Quarantine by twenty-nine authors vary widely in texture and tone. The work is a historical tribute to a moment unlike any other in our lifetimes, offering perspective and solace to the reader now and in the uncertain future.
