The acclaimed author of "The Soul of a Chef" explores the allure of the celebrity chef in modern America. A number of recent books, magazines, and television programs have emerged that promise to take viewers inside the exciting world of professional chefs. While media suggest that the occupation is undergoing a transformation, one thing remains clear: being a chef is a decidedly male-dominated job. Over the past six years, the prestigious James Beard Foundation has presented 84 awards for excellence as a chef, but only 19 were given to women. Likewise, Food and Wine magazine has recognized the talent of 110 chefs on its annual "Best New Chef" list since

2000, and to date, only 16 women have been included. How is it that women—the gender most associated with cooking—have lagged behind men in this occupation? Taking the Heat examines how the world of professional chefs is gendered, what conditions have led to this gender segregation, and how women chefs feel about their work in relation to men. Tracing the historical evolution of the profession and analyzing over two thousand examples of chef profiles and restaurant reviews, as well as in-depth interviews with thirty-three women chefs, Deborah A. Harris and Patti Giuffre reveal a great irony between the present realities of the culinary profession and the traditional, cultural associations of cooking and gender. Since occupations filled with women are often culturally and economically devalued, male members exclude women to enhance the job's legitimacy. For women chefs, these professional obstacles and other challenges, such as how to balance work and family, ultimately push some of the women out of the career. Although female chefs may be outsiders in many professional kitchens, the participants in Taking the Heat recount advantages that women chefs offer their workplaces and strengths that Harris and Giuffre argue can help offer women chefs—and women in other male-dominated occupations—opportunities for greater representation within their fields. Now with a new updated foreword, this paperback version of *The Professional Chefs Techniques of Healthy Cooking* is an exciting compendium of nearly 300 easy-to-follow recipes that demonstrate that good nutrition is the product of good food, carefully selected and properly prepared. Using techniques perfected by the chefs of The Culinary Institute of America, this book shows you how to make nutrition a natural part of your cooking each and every day. From award-winning chef Gabriel Kreuther, the definitive cookbook on rustic French cooking from Alsace Gabriel Kreuther is the cookbook fans of the James Beard Award-winning chef have long been waiting for. From one of the most respected chefs in the United States, this cookbook showcases the recipes inspired by Kreuther's French-Swiss-German training and refined global style, one that embraces the spirits of both Alsace, his homeland, and of New York City, his adopted home. Sharing his restaurant creations and interpretations of traditional Alsatian dishes, Kreuther will teach the proper techniques for making every dish, whether simple or complex, a success. Recipes include everything from the chef's take on classic Alsatian food like the delicious Flammekueche (or Tarte Flambée) and hearty Baeckeoffe (a type of casserole stew) to modern dishes like the flavorful Roasted Button Mushroom Soup served with Toasted Chorizo Raviolis and the decadent Salmon Roe Beggar's Purse garnished with Gold Leaf. Featuring personal stories from the chef's childhood in France and career in New York as well as stunning photography, Gabriel Kreuther is the definitive resource for Alsatian cooking worthy of fine dining. "Dominique Crenn is a hero to so many of us, both inside and out of the restaurant industry. She has unlimited courage to always follow her own path, to carve her own way in the world. This book, and Dominique's whole life, show that everything and anything is possible if you believe in yourself and you keep pushing forward, always forward." —José Andrés

The inspiring and deeply personal memoir from highly acclaimed chef Dominique Crenn When Dominique Crenn decided to become a chef, she knew it was a near impossible dream in France where almost all restaurant kitchens were run by men. She left her home and everything she knew to move to San Francisco, and almost thirty years later was awarded three Michelin stars in 2018 for her influential restaurant Atelier Crenn, the first female chef in the United States to receive this honor—no small feat for someone who hadn't been formally trained. In *Rebel Chef*, Crenn tells of her untraditional coming-of-age as a chef. Adopted as a toddler, she didn't resemble her parents, and was haunted by a past she knew nothing about. But after years of working to fill this blank space, Crenn embraced the power her history gave her to be whoever she wants to be. In this disarmingly honest look at one woman's evolution from a daring young chef to a respected activist, Crenn reflects on the years she spent working in the male-centric world of professional kitchens and tracks her career from struggling cook to running one of the world's most celebrated restaurants. At once a tale of personal discovery and a tribute to unrelenting determination, *Rebel Chef* is the story of one woman making a place for herself in the kitchen, and in the world. Rachel E. Black looks at the experiences of women in Lyon to examine issues of gender inequality in France's culinary industry. Known for its female-led kitchens, Lyon provides a unique setting for understanding the gender divide, as Lyonnais women have played a major role in maintaining the city's culinary heritage and its status as a center for innovation. America's most prominent Latino chef shares the story behind his food, his family, and his professional journey Before Chef Aarón Sánchez rose to fame on shows such as *MasterChef* and *Chopped*, he was a restless Mexican American son, raised by a fiercely determined and

talented woman who was a successful chef and restaurateur in her own right--credited with bringing Mexican cuisine to the New York City dining scene. Aarón Sánchez was destined to follow in his mother's footsteps. He spent nights as a child in his family's dining room, surrounded by some of the most influential chefs and restaurateurs in New York. He lost his father at a young age, and at 16 he was sent to work for renowned chef Paul Prudhomme in New Orleans. In this memoir, Sánchez delves into his formative years with remarkable candor, injecting his story with adrenaline and revealing how he fell in love with cooking and made a go of it in the fast-paced culinary world. Sánchez shares invaluable lessons he learned--both inside and outside the kitchen--and offers an intimate look into the chaotic and untraditional life of a professional chef and television personality. This is Sánchez's highly personal account of a fatherless Latino kid whose talent and passion took him to the top of his profession. "The bible for all chefs." —Paul Bocuse
