

Online Library The Rise Of The Office Clerk In Literary Culture 1880 1939 Pdf For Free

The Rise May 07 2021 From celebrated art historian, curator, and teacher Sarah Lewis, a fascinating examination of how our most iconic creative endeavors—from innovation to the arts—are not achievements but conversions, corrections after failed attempts. The gift of failure is a riddle: it will always be both the void and the start of infinite possibility. *The Rise*—part investigation into a psychological mystery, part an argument about creativity and art, and part a soulful celebration of the determination and courage of the human spirit—makes the case that many of the world’s greatest achievements have come from understanding the central importance of failure. Written over the course of four years, this exquisite biography of an idea is about the improbable foundations of a creative human endeavor. Each chapter focuses on the inestimable value of often ignored ideas—the power of surrender, how play is essential for innovation, the “near win” can help propel you on the road to mastery, the importance of grit and creative practice. *The Rise* shares narratives about figures past and present that range from choreographers, writers,

painters, inventors, and entrepreneurs; Frederick Douglass, Samuel F.B. Morse, Diane Arbus, and J.K. Rowling, for example, feature alongside choreographer Paul Taylor, Nobel Prize-winning physicists Andre Geim and Konstantin Novoselov, and Arctic explorer Ben Saunders. With valuable lessons for pedagogy and parenting, for innovation and discovery, and for self-direction and creativity, *The Rise* “gives the old chestnut ‘If at first you don’t succeed...’ a jolt of adrenaline” (Elle).

The Rise of the Japanese Specialist Manufacturer Oct 20 2019 Specialist manufacturers have existed in Japan from even before the start of industrialization in the late nineteenth century. Proliferating since but remaining steadfastly lean, many of them can be categorized as leading medium-sized enterprises. This book looks at how they are globalizing and assuming a role as East Asian specialists.

The Rise of the West Dec 26 2022 *The Rise of the West*, winner of the National Book Award for history in 1964, is famous for its ambitious scope and intellectual rigor. In it, McNeill challenges the Spengler-Toynbee view that a number of separate civilizations pursued essentially independent careers, and argues instead that human cultures interacted at every stage of their history. The author suggests that from the Neolithic beginnings of grain agriculture to the present major social changes in all parts of the world were triggered by new or newly important

foreign stimuli, and he presents a persuasive narrative of world history to support this claim. In a retrospective essay titled "The Rise of the West after Twenty-five Years," McNeill shows how his book was shaped by the time and place in which it was written (1954-63). He discusses how historiography subsequently developed and suggests how his portrait of the world's past in *The Rise of the West* should be revised to reflect these changes. "This is not only the most learned and the most intelligent, it is also the most stimulating and fascinating book that has ever set out to recount and explain the whole history of mankind. . . . To read it is a great experience. It leaves echoes to reverberate, and seeds to germinate in the mind."—H. R. Trevor-Roper, *New York Times Book Review*

Rise of the Fallen Sep 11 2021 A six thousand year war rages and now the demonic Fallen are coming for him—the one man shrouded in mystery. Only Validus stands in their way. Validus is the last and least of God's angels, but he's seen much across the millennia since his creation. Empires have risen and fallen as angelic and demonic forces battle in a raging war that will determine humanity's fate – and the fate of his defeated brothers. Eventually called to be an earth-bound warrior, Validus rises to a position of power and respect, commanding legions of angels through impossible battles and overwhelming odds. But when orders arrive from the Creator's most elite Messenger, he finds himself suddenly

demoted to a task of apparent insignificance considering the fierce war they are waging against the demonic Fallen – the covert protection of one unbelieving man. Validus soon finds himself on a mission that will push him beyond his abilities as he battles to protect Drew Carter, for the Fallen are coming for him. Legions of them. As Validus races against time to discover why Drew is so important to humanity's survival, can he stand between Drew and all who would destroy him?

The Third Wave Feb 04 2021 Steve Case, co-founder of America Online (AOL) and one of America's most accomplished entrepreneurs, shares a roadmap for how anyone can succeed in a world of rapidly changing technology. We are entering, he explains, a new paradigm called the "Third Wave" of the Internet. The first wave saw AOL and other companies lay the foundation for consumers to connect to the Internet. The second wave saw companies like Google and Facebook build on top of the Internet to create search and social networking capabilities, while apps like Snapchat and Instagram leverage the smartphone revolution. Now, Case argues, we're entering the Third Wave: a period in which entrepreneurs will vastly transform major "real world" sectors like health, education, transportation, energy, and food-and in the process change the way we live our daily lives.

Rise of the Wolf (Mark of the Thief #2) Jun 20 2022

Nic may have escaped enslavement in the mines outside of Rome, but his troubles are far from over. The Praetor War -- the battle to destroy Rome from within -- is in full force, and Nic is caught in the crossfire. The secretive Praetors are determined to unlock a powerful amulet -- one sure to bring the empire to its knees. Worse, the Praetors believe Nic holds the key to finding this amulet, and they will stop at nothing to steal it, even if that means harming the people Nic holds most dear. When the Praetors capture Nic's mother, Nic knows he must do anything to save her. He challenges the Praetors to a chariot race. If he wins, they will release his mother. But if he loses, he must hand over a magic that will certainly bring about the end of Rome as well as his own life. Can Nic once again harness his magic and gather the strength to defeat his enemies? Or will he lose his mother and bear witness to Rome's destruction?

Rise of the Bourgeoisie, Demise of Empire Jan 23 2020 Examining the process of Westernization and social change during the 18th and 19th centuries in the Ottoman Empire, this study uses archival documents and historical chronicles to argue that social change precedes and contributes to the process of Westernization.

Rise of the Dragons (Kings and Sorcerers--Book 1) Feb 16 2022 "If you thought that there was no reason left for living after the end of the Sorcerer's Ring series, you were wrong. In RISE OF THE DRAGONS Morgan Rice

has come up with what promises to be another brilliant series, immersing us in a fantasy of trolls and dragons, of valor, honor, courage, magic and faith in your destiny. Morgan has managed again to produce a strong set of characters that make us cheer for them on every page....Recommended for the permanent library of all readers that love a well-written fantasy.” --Books and Movie Reviews, Roberto Mattos The #1 Bestseller! From #1 Bestselling author Morgan Rice comes a sweeping new epic fantasy series: RISE OF THE DRAGONS (KINGS AND SORCERERS—Book 1). Kyra, 15, dreams of becoming a famed warrior, like her father, even though she is the only girl in a fort of boys. As she struggles to understand her special skills, her mysterious inner power, she realizes she is different than the others. But a secret is being kept from her about her birth and the prophecy surrounding her, leaving her to wonder who she really is. Just as Kyra is coming of age, the local lord comes to take her away. Her father wants to wed her off to save her. Kyra, though, refuses, and she quests on her own, into a dangerous wood, where she encounters a wounded dragon—and ignites a series of events that will change the kingdom forever. 15 year old Alec, meanwhile, sacrifices for his brother, taking his place in the draft, and is carted off to The Flames, a wall of flames a hundred feet high that wards off the army of Trolls to the east. On the far side of the kingdom, Merk, a mercenary striving to leave

behind his dark past, quests through the wood to become a Watcher of the Towers and help guard the Sword of Fire, the paranormal source of the kingdom's power. But the Trolls want the Sword, too—and they prepare for a massive invasion that could destroy the kingdoms forever. With its strong atmosphere and complex characters, RISE OF THE DRAGONS is a sweeping, romantic saga of knights and warriors, of kings and lords, of honor and valor, of magic, action, adventure, destiny, sorcery, monsters and dragons. It is a story of love and broken hearts, of deception, of ambition and betrayal. It is fantasy at its finest, inviting us into a world that will live with us forever, one that will appeal to all ages and genders. Book #2 in KINGS AND SORCERERS is also now available! “RISE OF THE DRAGONS succeeds—right from the start... A superior fantasy...It begins, as it should, with one protagonist's struggles and moves neatly into a wider circle of knights, dragons, magic and monsters, and destiny....All the trappings of high fantasy are here, from soldiers and battles to confrontations with self....A recommended winner for any who enjoy epic fantasy writing fueled by powerful, believable young adult protagonists.” --Midwest Book Review, D. Donovan, eBook Reviewer

Rise of the Six Jan 27 2023 Joey Foust has no idea he's a wanted man and his parents aim to keep it that way. They raised him as a normal boy in a small American

town, hoping he and his friends don't discover what lies beyond. And for eighteen years, they succeed. Joey and his friends, the Preston Six, were all born on the same day, but soon come to find they have much more in common than a simple birthdate. Details of their past are suspicious, and they are determined to figure out what their parents are hiding. Small threads of new information are discovered, leading the Preston Six to venture in search for the truth. What they find pushes the boundaries of their beliefs. Now, they're forced to leave behind everything to face an unknown adversary who's been hunting for them since the day they were born. They must rise as one, or fall to enemy hands.

Rise of the Phoenix Jul 29 2020 After a massive, identity-altering, physical transformation, Keshari Mitchell is back as 'Darian Boudreaux' and aims to take the film industry by storm. She is now the founder and executive producer of Phoenix Films, which has acquired a controversial movie script from an anonymous source. It is about to make a major name for itself with the biopic of the mysterious Keshari Mitchell's life, including details regarding her affiliation with organised crime. Will returning to the US after faking her death turn out to be the biggest mistake of her life?

The Rise of Theodore Roosevelt Nov 25 2022
WINNER OF THE PULITZER PRIZE AND THE
NATIONAL BOOK AWARD • One of Modern Library's

100 best nonfiction books of all time • One of Esquire's 50 best biographies of all time "A towering biography . . . a brilliant chronicle."—Time This classic biography is the story of seven men—a naturalist, a writer, a lover, a hunter, a ranchman, a soldier, and a politician—who merged at age forty-two to become the youngest President in history. *The Rise of Theodore Roosevelt* begins at the apex of his international prestige. That was on New Year's Day, 1907, when TR, who had just won the Nobel Peace Prize, threw open the doors of the White House to the American people and shook 8,150 hands. One visitor remarked afterward, "You go to the White House, you shake hands with Roosevelt and hear him talk—and then you go home to wring the personality out of your clothes." The rest of this book tells the story of TR's irresistible rise to power. During the years 1858–1901, Theodore Roosevelt transformed himself from a frail, asthmatic boy into a full-blooded man. Fresh out of Harvard, he simultaneously published a distinguished work of naval history and became the fist-swinging leader of a Republican insurgency in the New York State Assembly. He chased thieves across the Badlands of North Dakota with a copy of *Anna Karenina* in one hand and a Winchester rifle in the other. Married to his childhood sweetheart in 1886, he became the country squire of Sagamore Hill on Long Island, a flamboyant civil service reformer in Washington, D.C., and a night-stalking

police commissioner in New York City. As assistant secretary of the navy, he almost single-handedly brought about the Spanish-American War. After leading “Roosevelt’s Rough Riders” in the famous charge up San Juan Hill, Cuba, he returned home a military hero, and was rewarded with the governorship of New York. In what he called his “spare hours” he fathered six children and wrote fourteen books. By 1901, the man Senator Mark Hanna called “that damned cowboy” was vice president. Seven months later, an assassin’s bullet gave TR the national leadership he had always craved. His is a story so prodigal in its variety, so surprising in its turns of fate, that previous biographers have treated it as a series of haphazard episodes. This book, the only full study of TR’s pre-presidential years, shows that he was an inevitable chief executive. “It was as if he were subconsciously aware that he was a man of many selves,” the author writes, “and set about developing each one in turn, knowing that one day he would be President of all the people.”

Rise of the Sons Sep 23 2022

Rise of the Warrior Cop Jan 15 2022 This groundbreaking history of how American police forces have been militarized is now revised and updated. Newly added material brings the story through 2020, including analysis of the Ferguson protests, the Obama and Trump administrations, and the George Floyd protests. The last

days of colonialism taught America's revolutionaries that soldiers in the streets bring conflict and tyranny. As a result, our country has generally worked to keep the military out of law enforcement. But over the last two centuries, America's cops have increasingly come to resemble ground troops. The consequences have been dire: the home is no longer a place of sanctuary, the Fourth Amendment has been gutted, and police today have been conditioned to see the citizens they serve as enemies. In *Rise of the Warrior Cop*, Balko shows how politicians' ill-considered policies and relentless declarations of war against vague enemies like crime, drugs, and terror have blurred the distinction between cop and soldier. His fascinating, frightening narrative that spans from America's earliest days through today shows how a creeping battlefield mentality has isolated and alienated American police officers and put them on a collision course with the values of a free society.

Rise of the Blood War May 27 2020 The Guardians successfully dethroned the leader of the Blood Takers, but what about his loyal followers? With Jakob out of the picture, their plan is simple. Set rules, reform the Rogues, and ultimately keep their secret. #1: Only drink what you need to survive. #2: Register with your assigned Governor. #3: No relationships with a human. Their rules aren't hard. You follow them, you live. You break them, and you die. When more and more rogues keep creeping

up in existence, a red flag raises. Someone is turning humans for personal gain and using them to expose their secrets. Many lies are told on the night of Jakob's death, but no one could have foreseen the person behind this...

Ninja Power (Rise of the Teenage Mutant Ninja Turtles #1) Mar 17 2022 This exciting chapter book retells adventures from the all-new Nickelodeon series Rise of the Teenage Mutant Ninja Turtles! Leonardo, Raphael, Donatello, and Michelangelo hit the streets of New York City in Nickelodeon's all-new series Rise of the Teenage Mutant Ninja Turtles. Perfect for boys and girls ages 7 to 10, this chapter book follows the brothers on four hilarious adventures as they battle otherworldly forces and save the day in time for pizza! It also includes a full-color poster.

Rise of the Data Cloud Jan 03 2021 The rise of the Data Cloud is ushering in a new era of computing. The world's digital data is mass migrating to the cloud, where it can be more effectively integrated, managed, and mobilized. The data cloud eliminates data siloes and enables data sharing with business partners, capitalizing on data network effects. It democratizes data analytics, making the most sophisticated data science tools accessible to organizations of all sizes. Data exchanges enable businesses to discover, explore, and easily purchase or sell data—opening up new revenue streams. Business leaders have long dreamed of data driving their organizations. Now, thanks to the Data Cloud, nothing

stands in their way.

The Rise of the Rest Jun 08 2021 #1 WALL STREET JOURNAL BESTSELLER Steve Case, cofounder of America Online and Revolution and New York Times bestselling author of *The Third Wave*, shows how entrepreneurs across the country are building groundbreaking companies, renewing communities, and creating new jobs—in the process reimagining the American landscape and bringing people together around a shared future. In 2014, Steve Case launched Revolution's Rise of the Rest, an initiative to accelerate the growth of tech startups across the country. Rise of the Rest is based on a simple idea: cities can be renewed and rise again if they develop a vibrant startup culture. A visionary entrepreneur himself, Case believes that great entrepreneurs can be found anywhere, and can thrive with the proper support and investment. In fact, they're key to the American DNA. After all, America itself was a startup. It struggled to get going and almost didn't make it. Today it's the leader of the free world, in part because it has the world's largest economy—a testament to several generations of pioneering entrepreneurs. But America needs help keeping its promises, as it is harder today for innovators who live outside the major tech hubs. For most of the past decade, seventy-five percent of venture capital has gone to just three states—California, New York, and Massachusetts—while the forty-seven states making up

the rest of the country have been forced to share the remaining twenty-five percent. And it's even harder for some people no matter where they live. Less than ten percent of venture capital currently goes to female founders, and less than one percent to Black founders. Since new companies—startups—are responsible for net new job creation, it is essential that entrepreneurs everywhere have the opportunity to start and scale companies. Rise of the Rest is about leveling the playing field for everybody, and in the process creating opportunity and jobs for the people and places that have been left behind. This book tells that story and provides a hopeful perspective on the future of America. In *The Rise of the Rest: How Entrepreneurs in Surprising Places are Building the New American Dream*, Case takes readers on an exhilarating journey into the startup communities that are transforming cities nationwide. Rise of the Rest's signature road trips, on a big red tour bus, have created significant local and national buzz and spotlighted communities large and small that have committed to a new tech-enabled future. Along the way, Case introduces readers to dozens of entrepreneurs whose inspirational stories of struggle and achievement match the most iconic examples of American invention. To date, Case has traveled to forty-three cities on his Rise of the Rest bus tour and has been featured on 60 Minutes, and in *The New York Times*, *USA TODAY*, *Fast Company*, and *The*

Wall Street Journal. With dedicated venture funds, backed by an iconic group of investors, executives, and entrepreneurs including Jeff Bezos, Eric Schmidt, Meg Whitman, John Doerr, Sara Blakely, and Ray Dalio, Rise of the Rest also invests in the most promising high-growth startups located anywhere in the US outside of Silicon Valley, New York City, and Boston. The fund has invested in more than 175 companies across more than eighty cities, including: Phoenix, Chattanooga, Chicago, Denver, Detroit, Louisville, Baltimore, Columbus, St. Louis, Green Bay, Madison, Buffalo, Kansas City, Minneapolis, Cincinnati, Miami, Dallas, Salt Lake City, Omaha, Atlanta, Pittsburgh, Nashville, Indianapolis, New Orleans, and dozens of others.

Rise of the Robots Nov 13 2021 The New York Times- bestselling guide to how automation is changing the economy, undermining work, and reshaping our lives Winner of Best Business Book of the Year awards from the Financial Times and from Forbes "Lucid, comprehensive, and unafraid...;an indispensable contribution to a long-running argument."--Los Angeles Times What are the jobs of the future? How many will there be? And who will have them? As technology continues to accelerate and machines begin taking care of themselves, fewer people will be necessary. Artificial intelligence is already well on its way to making "good jobs" obsolete: many paralegals, journalists, office

workers, and even computer programmers are poised to be replaced by robots and smart software. As progress continues, blue and white collar jobs alike will evaporate, squeezing working- and middle-class families ever further. At the same time, households are under assault from exploding costs, especially from the two major industries- education and health care-that, so far, have not been transformed by information technology. The result could well be massive unemployment and inequality as well as the implosion of the consumer economy itself. The past solutions to technological disruption, especially more training and education, aren't going to work. We must decide, now, whether the future will see broad-based prosperity or catastrophic levels of inequality and economic insecurity. Rise of the Robots is essential reading to understand what accelerating technology means for our economic prospects-not to mention those of our children-as well as for society as a whole.

The Rise of the Black Wolf Oct 12 2021 Aided by the Knights Templar, the four young Grey Griffins face a host of evil forces, including Morgan LaFey's Black Wolves, who kidnap Max's father while the quartet is spending what at first seemed a fairytale Christmas break at the Sumner's castle in Scotland.

The Rise of the Global Company Dec 02 2020 This is the first full account of how an influential form of commercial organization - the multinational enterprise -

drove globalization and contributed to the making of the modern world. Robert Fitzgerald explores the major role of multinational enterprises in the events of world history, from the nineteenth century to the present, revealing how the growth of businesses that operated across borders contributed to an unprecedented worldwide transformation and deepening interdependence between countries. He demonstrates how international businesses shaped the economic development and competitiveness of nations, their politics and sovereignty, and the balance of power in international relations. *The Rise of the Global Company* uses the lessons of history to question prominent contemporary interpretations of multinationals and their consequences, and offers a truly wide-ranging survey of multinational enterprise, spanning two hundred years and five continents.

The Rise of Magicks May 19 2022 The #1 New York Times bestselling author of *Year One* and *Of Blood and Bone* concludes her stunning new trilogy praised as “A match for end-of-the-world classics like Stephen King’s *The Stand*.” After the sickness known as the Doom destroyed civilization, magick has become commonplace, and Fallon Swift has spent her young years learning its ways. Fallon cannot live in peace until she frees those who have been preyed upon by the government or the fanatical Purity Warriors, endlessly hunted or locked up in laboratories, brutalized for years on end. She is

determined to save even those who have been complicit with this evil out of fear or weakness—if, indeed, they can be saved. Strengthened by the bond she shares with her fellow warrior, Duncan, Fallon has already succeeded in rescuing countless shifters and elves and ordinary humans. Now she must help them heal—and rediscover the light and faith within themselves. For although from the time of her birth, she has been The One, she is still only one. And as she faces down an old nemesis, sets her sights on the enemy's stronghold, and pursues her destiny—to finally restore the mystical shield that once protected them all—she will need an army behind her...

Rivers of Gold Nov 01 2020 A history of Spain's first thirty years in the Americas traces Columbus's famous pioneering voyage through Magellan's first circumnavigation of the earth, in an account that offers insight into the period's political climate and profiles the era's monarchs and explorers. 20,000 first printing.

Fablehaven Apr 18 2022 When Kendra and Seth go to stay at their grandparents' estate, they discover that it is a sanctuary for magical creatures and that a battle between good and evil is looming.

The Rise of the Networking Region Mar 25 2020 How regions and cities adapt to a Network Society and a globalized environment, the policies they pursue and how structures of governance are transformed in the pursuit of those policies are major themes in this volume. These

issues are addressed with specific reference to the Nordic regions of Europe. Covering the four Nordic countries of Denmark, Finland, Norway, and Sweden plus the Faroe Islands, this volume charts the changes in networking activities and related development initiatives that have taken place over the last ten years. This means analysing regions in their pursuit of new policies, partnerships and styles of representation. Through this process regions are becoming partners and players in European integration and a movement of integrative regionalism is taking shape which is different from inward looking identity regionalism or self-centred competitive regionalism and takes regions beyond lobbying in Brussels.

The Rise of the Mafia Apr 25 2020 "This book is based on ... research for Crime Inc."--P. [vii].

The Rise of the Wyrms Lord Aug 10 2021 Aidan's new friend Antoinette is called to the Realm, but when she arrives to rescue Robby through his Glimpse-twin, the place is in turmoil and she must decide whether to stay loyal to the one true king or join the evil side.

Rise of the Dead Dec 14 2021 Blake was never one for taking chances. He lived in a world of statistics and probabilities where everything could be controlled. That world disappeared the day the dead got up and began attacking the living. Now he must struggle to survive and to make sense of a new and chaotic world that is quickly spiraling out of control. Rise of the Dead chronicles the

first week of events beginning from the moment the dead rise. While the story is a fast-paced thrill ride through an ever-growing zombie horde, the novel aims to draw upon familiar themes as those found in the Romero classics. Along the way, Blake finds himself thrust among other unlikely survivors who must adapt to the realities of the undead world or join the legion of zombies. They must do more than fight off the undead. The survivors must fight against their conditioned apathy towards humanity.

Rise of the Filmtrepreneur Jul 09 2021 It's harder today than ever before for independent filmmakers to make money with their films. From predatory film distributors ripping them off to huckster film aggregators who prey upon them, the odds are stacked against the indie filmmaker. The old distribution model for making money with indie film is broken and there needs to be a change. The future of independent filmmaking is the entrepreneurial filmmaker or the Filmtrepreneur®. In Rise of the Filmtrepreneur® author and filmmaker Alex Ferrari breaks down how to actually make money with independent film projects and shows filmmakers how to turn their indie films into profitable businesses. This is not all theory, Alex uses multiple real-world case studies to illustrate each part of his method. this book shows you the step by step way to turn your filmmaking passion into a profitable career. If you are making a feature film, series or any kind of video content, The Filmtrepreneur® Method

will set you up for success.

Rise of the Tomb Raider Feb 28 2023

Rise of the Harvester Sep 30 2020 Samuel Troyer was different than the other children in the small village of Brantwood. He was much bigger and stronger. And he was a little "odd," which made him an outcast and a loner. But when his father finds willing children for him to play with, his dark side surfaces and new formed friendships end all too quickly. When the townsfolk learn of the fruits of his darkness they seek their revenge. They murder and bury poor Samuel in an unmarked grave and try their best to cast him from their minds forever. Seasons pass and the townsfolk forget what they did to poor Samuel. But Samuel's darkness is much stronger than death. The strange little boy is gone and forgotten, but a new life is born called The Harvester, and he's hell-bent on revenge. This dark, new being then teaches the people of Brantwood to never forget that we reap what we sow...

The Rise of the Alt-Right Jun 27 2020

What is the Alt-Right, and how will it affect America? Donald Trump's election as president in 2016 suddenly brought to prominence a political movement that few in political circles or the mainstream media had paid much attention to: the so-called Alt-Right. Steven Bannon, Trump's campaign manager, was a leading figure in the movement, and the election results seemed to give it a real opportunity to gain some political power. But what is

the Alt-Right? Is it a movement, a theory, a trend, or just an unorganized group of people far outside of what used to be the political mainstream in America? Or, could it be all of these things? Why has it suddenly emerged into prominence? What impact is it having on American politics today, and what are the prospects for the Alt-Right in the future? Through careful research and analysis, *The Rise of the Alt-Right* addresses these and other questions, tracing the movement's history from the founding of modern conservatism in postwar America to the current Trump era. Although the Alt-Right might seem to be just the latest extremist group to arise in the United States—one likely to take its place in the graveyard of its many predecessors—Thomas J. Main analyzes evidence that the Alt-Right is having a greater influence on the American political mainstream than did past extremist tendencies. *The Rise of the Alt-Right* is thus an important study for anyone interested in the future of American politics and public life.

The Rise of the Arabic Book Aug 22 2022 The little-known story of the sophisticated and vibrant Arabic book culture that flourished during the Middle Ages. During the thirteenth century, Europe's largest library owned fewer than 2,000 volumes. Libraries in the Arab world at the time had exponentially larger collections. Five libraries in Baghdad alone held between 200,000 and 1,000,000 books each, including multiple copies of standard works

so that their many patrons could enjoy simultaneous access. How did the Arabic codex become so popular during the Middle Ages, even as the well-established form languished in Europe? Beatrice Gruendler's *The Rise of the Arabic Book* answers this question through in-depth stories of bookmakers and book collectors, stationers and librarians, scholars and poets of the ninth century. The history of the book has been written with an outsize focus on Europe. The role books played in shaping the great literary cultures of the world beyond the West has been less known—until now. An internationally renowned expert in classical Arabic literature, Gruendler corrects this oversight and takes us into the rich literary milieu of early Arabic letters.

The Rise of the Early Christian Intellectual Dec 22 2019
The study of the growth of early Christian intellectual life is of perennial interest to scholars. This volume advances discussion by exploring ways in which Christian writers in the second century did not so much draw on Hellenistic intellectual traditions and models, as they were inevitably embedded in those traditions. The volume contains papers from a seminar in Rome in 2016 that explored the nature and activity of the emergent Christian intellectual between the late first century and the early third century. The papers show that Hellenistic scholarly cultures were the milieu within which Christian modes of thinking developed. At the same time the essays show how

Christian thinkers made use of the cultures of which they were part in distinctive ways, adapting existing traditions because of Christian beliefs and needs. The figures studied include Papias from the early part of the second-century, Tatian, Irenaeus, and Clement of Alexandria from the later second century. One paper on Eusebius of Caesarea explores the Christian adaptation of Hellenistic scholarly methods of commentary. Christian figures are studied in the light of debates within Classics and Jewish studies.

Rise of the Videogame Zinesters Jul 21 2022 "Anna Anthropy is a key personality in the ongoing paradigm shift that is slowly changing the way videogames are understood, by creators and players, and by the wider culture." —Patrick Alexander, Eegra.com "Equal parts autobiography, ethnography, and how-to manual, this book concisely makes the case for the unique power of 'zinester' games." —Adam Parrish, NYU's Interactive Telecommunication Program (Tisch School of the Arts), and author of the ZZT game "Winter" "These days, everybody can make and distribute a photograph, or a video, or a book. Rise of the Videogame Zinesters shows you that everyone can make a videogame, too. But why should they? For Anna Anthropy, it's not for fame or for profit, but for the strange, aimless beauty of personal creativity." —Ian Bogost, Director, Graduate Program in Digital Media, Georgia Institute of Technology "Rise is a

great guidebook to understanding—and more importantly, participating in—this dynamically evolving culture.” —Jim Munroe, co-founder of the Hand Eye Society and the Difference Engine Initiative “Here, Anna Anthropy demonstrates how people from every background and walk of life are breaking free of the commercial cowardice of major publishers, and bringing their individual visions of the game to life. . . . If game design is to be an art, as those of us who love games fervently hope, it must be rescued from its crushing commercial pressures. You can be a part of its future.” —Greg Costikyan, author of *I Have No Mouth and I Must Design* “Anna gives the world of video games a crucial perspective from her seat of authority within outsider culture, and illustrates how essential it is for the space to empower voices of all kinds if it is to evolve.” —Leigh Alexander, editor-at-large of *Gamasutra*

Rise of the Necrofauna Mar 05 2021 Jurassic Park meets *The Sixth Extinction* in *Rise of the Necrofauna*, a provocative look at de-extinction from acclaimed documentarist and science writer Britt Wray. A *New Yorker* “The Books We Loved in 2017” Selection A *Science News* Favorite Book of 2017 A *Sunday Times* “Must Read” What happens when you try to recreate a woolly mammoth—fascinating science, or conservation catastrophe? In *Rise of the Necrofauna*, Wray takes us deep into the minds and labs of some of the world's most

progressive thinkers to find out. She introduces us to renowned futurists like Stewart Brand and scientists like George Church, who are harnessing the powers of CRISPR gene editing in the hopes of "reviving" extinct passenger pigeons, woolly mammoths, and heath hens. She speaks with Nikita Zimov, who together with his eclectic father Sergey, is creating Siberia's Pleistocene Park—a daring attempt to rebuild the mammoth's ancient ecosystem in order to save earth from climate disaster. Through interviews with these and other thought leaders, Wray reveals the many incredible opportunities for research and conservation made possible by this emerging new field. But we also hear from more cautionary voices, like those of researcher and award-winning author Beth Shapiro (*How to Clone a Woolly Mammoth*) and environmental philosopher Thomas van Dooren. Writing with passion and perspective, Wray delves into the larger questions that come with this incredible new science, reminding us that de-extinction could bring just as many dangers as it does possibilities. What happens, for example, when we bring an "unextinct" creature back into the wild? How can we care for these strange animals and ensure their comfort and safety—not to mention our own? And what does de-extinction mean for those species that are currently endangered? Is it really ethical to bring back an extinct passenger pigeon, for example, when countless other birds today will face the

same fate? By unpacking the many biological, technological, ethical, environmental, and legal questions raised by this fascinating new field, Wray offers a captivating look at the best and worst of resurrection science. A captivating whirlwind tour through the birth and early life of the scientific idea known as “de-extinction.”—Beth Shapiro, author of *How to Clone a Mammoth: The Science of De-Extinction* Published in partnership with the David Suzuki Institute.

The Soldier Aug 30 2020 In a far corner of space, on the very borders between humanity's Polity worlds and the kingdom of the vicious crab-like prador, is an immediate threat to all sentient life: an accretion disc, a solar system designed by the long-dead Jain race and swarming with living technology powerful enough to destroy entire civilizations. Neither the Polity or the prador want the other in full control of the disc, so they've placed an impartial third party in charge of the weapons platform guarding the technology from escaping into the galaxy: Orlandine, a part-human, part-AI haiman. She's assisted by Dragon, a mysterious, spaceship-sized alien entity who has long been suspicious of Jain technology and who suspects the disc is a trap lying-in-wait. Meanwhile, the android Angel is planning an attack on the Polity, and is searching for a terrible weapon to carry out his plans? a Jain super-soldier. But what exactly the super-soldier is, and what it could be used for if it fell into the wrong hands, will bring

Angel and Orlandine's missions to a head in a way that could forever change the balance of power in the Polity universe. In *The Soldier*, British science fiction writer Neal Asher kicks off another Polity-based trilogy in signature fashion, concocting a mind-melting plot filled with far-future technology, lethal weaponry, and bizarre alien creations.

Rise of the Fifth Order Bundle Nov 20 2019 Would you protect a girl whose forbidden abilities condemn her to death? Welcome to the world of Myrrah, ruled by the Church of Four Orders - Fire, Earth, Water, and Air. But there exists another gift, dubbed magic, which is considered an aberration by the Church. To be born with the powers of magic is to be condemned to death. To be born with the ability to control an element is to be born to a life serving the Church... and obeying its rules. One Priestess will stand against the Church to protect sixteen year old Ria, beginning an epic fantasy adventure that leads four unlikely friends across the breadth of their world to seek answers hidden in the buried archives of the Temple of Dust. Secrets from an ancient war and discoveries of hidden power lead to a fight for survival that threaten to tear apart their world. What is magic and why does the Church want those who harbor its power exterminated? This ebook bundle includes 4 books: *Born of Water*, *Rule of Fire*, *Spirit of Life*, and the series *Companion!* What readers are saying about the series: "A

tale worth reading and I would recommend it to anyone who enjoys fantasy, adventure, and a bit of romance!” - W. Stuart (5 stars) “The book is fantastic. The temples seem like places I might want to visit, if only in my dreams. The authors imagination is mindboggling.” - Peejay (5 stars) “I was hooked on all 3 books. I laughed, cried and angered. Beautiful books. I must read for all ages.” - Helen (5 stars) “I enjoyed this set of books. I could not put any of the books down. I have read the set of books twice already and plan on reading them again and again!” - yarnocd (5 stars) “This series just gets better and better! Strong female heroines and unexpected plot twists make this a hard book to put down, no matter which one your reading. I can barely wait to find out what else is going to happen! One of the best series that I've read, and I read constantly. Bravo!” - Jennifer (5 stars) “This trilogy is outstanding! It has all the elements I could wish for in a great story. I would recommend it to anyone who enjoys good fantasy. You forget it is a story and feel you are right in the middle of it!!!!” - WCSO (5 stars) “I enjoyed all three books. The characters where great. The conflicts kept me totally interested I had a hard time putting the book down for the night. But didn't want the story to end because it was so good. I will read it again.” - Mim (5 stars)

Keepers of the Flame Oct 24 2022 NFL Films changed the way Americans view football. Keepers of the Flame:

NFL Films and the Rise of Sports Media traces the subsidiary's development from a small independent film production company to the marketing machine that Sports Illustrated named "perhaps the most effective propaganda organ in the history of corporate America." Drawing on research at the NFL Films Archive and the Pro Football Hall of Fame and interviews with media pioneer Steve Sabol and others, Travis Vogan shows how NFL Films has constructed a consistent, romanticized, and remarkably visible mythology for the National Football League. The company packages football as a visceral and dramatic sequence of violent, beautiful, graceful, and heroic gridiron battles. Historically proven formulas for presentation--such as the dramatic voiceovers once provided by John Facenda's baritone, the soaring scores of Sam Spence's rousing background music, and the epic poetry found in Steve Sabol's scripts--are still used today. From the Vincent Price-narrated Strange but True Football Stories to the currently running series Hard Knocks, NFL Films distinguishes the NFL from other sports organizations and from other media and entertainment. Vogan tells the larger story of the company's relationship with and vast influence on our culture's representations of sport, the expansion of sports television beyond live game broadcasts, and the emergence of cable television and Internet sports media. Keepers of the Flame: NFL Films and the Rise of Sports Media presents sports media as an

integral facet of American popular culture and NFL Films as key to the transformation of professional football into the national obsession commonly known as America's Game.

[The Sphinx's Heart](#) Apr 06 2021 Mistakes have consequences. This one could unleash hell on Earth. As the most powerful undine healer since the woman who sank Atlantis, Calandra was supposed to be the saviour of her people. Instead, the malicious dragon spirit who haunted her dreams has been freed from the Abyss, the peaceful society of Sirenia has been plunged into revolutionary chaos, and her own brother, Zale, has inexplicably turned against her. Worse, though Calandra knows why she is going insane, she doesn't know how to stop it. When Calandra follows Zale on a rescue mission through the very gates of hell, she learns the disturbing truth about their people's past. With the threat of Madness growing ever stronger, can Calandra and Zale find a way to overcome their differences and undo a mistake that has plagued the undines for millennia . . . before the entire world pays the price? *The Sphinx's Heart* is the second book in the mind-blowing epic historical fantasy young adult series *Rise of the Grigori*. Continue the search for redemption with a cast of perfectly flawed characters on a hauntingly magical adventure that will leave you breathless. Mermaids, dragons, and angels like you've never seen them before. Pre-order today!
