**Strange Times** Apr 14 2022 From the imagination of blink-182's award-winning author Tom DeLonge, the Strange Times crew first debuted in the graphic novel *Strange Times: The Curse of Superstition Mountain*. Now teamed-up with Geoff Herbach, also an award-winning author of the Felton Reinstein Trilogy, DeLonge tells the hilarious and haunting adventure that originally forced five outcast jerks to band together or give up the ghost. Charlie Wilkins has it all. Pitcher on the baseball team, point guard on the basketball team, good jock friends and girls who just love him. Then his U.S. Air Force dad goes M.I.A. during a secret mission and Charlie falls into darkness. He quits basketball, pushes away his old friends who all seem so stupid. He stops talking. Nobody knows what he's going through, because the government has forbidden the family from disclosing Dad's predicament. Charlie turns into a loner, until an Earth Science assignment forces him to join a new, messed-up team. Wiz has a brain for science, a love for steampunk, and a total disgust for most human beings. Heavy-set, picked-on Riley has a home life Harry Potter wouldn't trade for. Mouse and Mattheson are skateboard slackers with a keen interest in tacos and in building a model volcano that looks like a butt. With zero chemistry between them, Charlie can't see how he's going to pass this class. Will he be stuck, suffering, in eighth grade forever? The earth shifts. It seems impossible. A ghost girl reaches out to Charlie through the terrified skater boys. She's being stalked by a vengeful spirit that shares a past with Charlie's family. It soon becomes clear that the spirit is coming for him. He has to save the ghost girl and save himself. His only hope? The nerd Wiz, the loser Riley, the skaters Mouse and Mattheson who want to hook-up with the girl. But, seriously, she's a ghost. *Strange Times* indeed...

*Strange Times, My Dear* Oct 20 2022 When Arcade Publishing originally contracted this extraordinary collection of poetry and literature, the Department of the Treasury was attempting to censor the publication of works from countries on America's "enemies list." Arcade, along with the PEN American Center, the Association of American Publishers Professional and Scholarly Publishing Division, and the Association of American University Presses, filed a lawsuit in federal court against the United States government. Their landmark case forced the Office of Foreign Assets Control to change their regulations regarding editing and publishing literature in translation, and Arcade is proud to reissue this anthology that showcases the developments in Iranian literature over the past quarter-century. Since the Iranian revolution of 1979, the

United States has been virtually cut off from that country's culture. Despite severe difficulties imposed by social, political, and economic upheavals, as well as war, repression, and censorship, a veritable cultural renewal has taken place in Iran over the past quarter-century, not only in literature, but in music, art, and cinema. Over forty writers from three generations contributed to this rich and varied collection—or, to use the Persian term, *golchine*, a bouquet—one that provides a much-needed window into a largely undiscovered branch of world literature. In the wake of the Green Revolution and sweeping changes in the region, this particular *golchine* is more relevant than ever, and will bring literary enjoyment as well as a fuller understanding of a complex and ever-shifting culture.

**The Book of Strange New Things** Feb 12 2022 A monumental, genre-defying novel that David Mitchell calls "Michel Faber's second masterpiece," *The Book of Strange New Things* is a masterwork from a writer in full command of his many talents. It begins with Peter, a devoted man of faith, as he is called to the mission of a lifetime, one that takes him galaxies away from his wife, Bea. Peter becomes immersed in the mysteries of an astonishing new environment, overseen by an enigmatic corporation known only as USIC. His work introduces him to a seemingly friendly native population struggling with a dangerous illness and hungry for Peter's teachings—his Bible is their "book of strange new things." But Peter is rattled when Bea's letters from home become increasingly desperate: typhoons and earthquakes are devastating whole countries, and governments are crumbling. Bea's faith, once the guiding light of their lives, begins to falter. Suddenly, a separation measured by an otherworldly distance, and defined both by one newly discovered world and another in a state of collapse, is threatened by an ever-widening gulf that is much less quantifiable. While Peter is reconciling the needs of his congregation with the desires of his strange employer, Bea is struggling for survival. Their trials lay bare a profound meditation on faith, love tested beyond endurance, and our responsibility to those closest to us. Marked by the same bravura storytelling and precise language that made *The Crimson Petal* and the *White* such an international success, *The Book of Strange New Things* is extraordinary, mesmerizing, and replete with emotional complexity and genuine pathos.

**On Etruscan Time** Oct 16 2019 A shadow moved in the doorway of the building. It was a boy. As he hesitated, someone must have pushed him from behind. He stumbled down the short stairway and fell heavily to his knees. He couldn't break his fall, Hector realized, because his arms were tied behind him. A mysterious talisman transports a boy back to ancient Italy. No one ever listens to Hector. He wanted to hang out with his friends this summer, but instead he's stuck in Italy at an archaeological dig with his mom. The ancient Etruscan artifacts are interesting, but no one has time for him. Then he makes a discovery of his own—a strange, unsettling stone that looks like an eye. The stone brings nightmares about Arath, an Etruscan boy who died thousands of years ago but now begs for Hector's help. Are these just dreams, or is Arath really in danger? As Hector unearths the truth, he realizes that he can make himself heard when it counts.

*What Strange Paradise* Nov 21 2022 A NEW YORK TIMES NOTABLE BOOK OF THE YEAR • From the widely acclaimed, bestselling author of *American War*—a beautifully written, unrelentingly dramatic, and profoundly moving novel that looks at the global refugee crisis through the eyes of a child. "Told from the point of view of two children, on the ground and at sea, the story so astutely unpacks the us-versus-them dynamics of our divided world that it deserves to be an instant classic." —The New York Times Book Review More bodies have washed up on the shores of a small island. Another overfilled, ill-equipped, dilapidated ship has sunk under the weight of its too many passengers: Syrians, Ethiopians, Egyptians, Lebanese, Palestinians, all of them desperate to escape untenable lives back in their homelands. But miraculously, someone has survived the passage: nine-year-old Amir, a Syrian boy who is soon rescued by Vänna. Vänna is a teenage girl, who, despite being native to the island, experiences her own sense of homelessness in a place and among people she has come to disdain. And though Vänna and Amir are complete strangers, though they don't speak a common language, Vänna is determined to do whatever it takes to save the boy. In alternating chapters, we learn about Amir's life and how he came to be on the boat, and we follow him and the girl as they make their way toward safety. *What Strange Paradise* is the story of two children finding their way through a hostile world. But it is also a story of empathy and indifference, of hope and despair—and about the way each of those things can blind us to reality.

**All the Strange Hours** Jan 23 2023 A native of Lincoln, Nebraska, Loren Eiseley began his lifelong exploration of nature in the salt flats and ponds around his hometown and in the mammoth bone collection hoarded in the old red brick museum at the University of Nebraska, where he conducted his studies in anthropology. It was in pursuit of this interest, and in the expression of his natural curiosity and wonder, that Eiseley sprang to national fame with the publication of such works as *The Immense Journey*

and *The Firmament of Time*. In *All the Strange Hours*, Eiseley turns his considerable powers of reflection and discovery on his own life to weave a compelling story, related with the modesty, grace, and keen eye for a telling anecdote that distinguish his work. His story begins with his childhood experiences as a sickly afterthought, weighed down by the loveless union of his parents. From there he traces the odyssey that led to his search for early postglacial man—and into inspiring philosophical territory—culminating in his uneasy achievement of world renown. Eiseley crafts an absorbing self-portrait of a man who has thought deeply about his place in society as well as humanity's place in the natural world.

**The Times Were Strange and Stirring** Feb 24 2023 With the conclusion of the Civil War, the beginnings of Reconstruction, and the realities of emancipation, former slaves were confronted with the possibility of freedom and, with it, a new way of life. In *The Times Were Strange and Stirring*, Reginald F. Hildebrand examines the role of the Methodist Church in the process of emancipation—and in shaping a new world at a unique moment in American, African American, and Methodist history. Hildebrand explores the ideas and ideals of missionaries from several branches of Methodism—the African Methodist Episcopal Church, the Colored Methodist Episcopal Church, and the northern-based Methodist Episcopal Church—and the significant and highly charged battle waged between them over the challenge and meaning of freedom. He traces the various strategies and goals pursued by these competing visions and develops a typology of some of the ways in which emancipation was approached and understood. Focusing on individual church leaders such as Lucius H. Holsey, Richard Harvey Cain, and Gilbert Haven, and with the benefit of extensive research in church archives and newspapers, Hildebrand tells the dramatic and sometimes moving story of how missionaries labored to organize their denominations in the black South, and of how they were overwhelmed at times by the struggles of freedom.

**The Strange Birds of Flannery O'Connor** Nov 28 2020 "I intend to stand firm and let the peacocks multiply, for I am sure that, in the end, the last word will be theirs." -- Flannery O'Connor When she was young, the writer Flannery O'Connor was captivated by the chickens in her yard. She'd watch their wings flap, their beaks peck, and their eyes glint. At age six, her life was forever changed when she and a chicken she had been training to walk forwards and backwards were featured in the Pathé News, and she realized that people want to see what is odd and strange in life. But while she loved birds of all varieties and kept several species around the house, it was the peacocks that came to dominate her life. Written by Amy Alznauer with devotional attention to all things odd and illustrated in radiant paint by Ping Zhu, *The Strange Birds of Flannery O'Connor* explores the beginnings of one author's lifelong obsession. Amy Alznauer lives in Chicago with her husband, two children, a dog, a parakeet, sometimes chicks, and a part-time fish, but, as of today, no elephants or peacocks. Ping Zhu is a freelance illustrator who has worked with clients big and small, won some awards based on the work she did for aforementioned clients, attracted new clients with shiny awards, and is hoping to maintain her livelihood in Brooklyn by repeating that cycle.

**Strange Acts** Sep 19 2022 This book examines many of the strange events and actions in Acts in the context of the Hellenistic world and from that perspective. These events and actions include the ascension of Jesus, direction by the Spirit, visions, angelophanies, prison escapes and resuscitations of the dead. Many of these events are either avoided in scholarship or are investigated with an agenda other than to understand them for themselves. The book constructs an ancient audience to be one that has a close familiarity with the Septuagint and with other Greek and Latin writings. The culturally-strange events are then interpreted through the lens of these texts.

*Strange Bodies* Feb 18 2020 A dizzying novel of deception and metempsychosis by the author of the National Book Award finalist *Far North* Whatever this is, it started when Nicholas Slopen came back from the dead. In a locked ward of a notorious psychiatric hospital sits a man who insists that he is Dr. Nicholas Slopen, failed husband and impoverished Samuel Johnson scholar. Slopen has been dead for months, yet nothing can make this man change his story. What begins as a tale of apparent forgery involving unknown letters by the great Dr. Johnson grows to encompass a conspiracy between a Silicon Valley mogul and his Russian allies to exploit the darkest secret of Soviet technology: the Malevin Procedure. Marcel Theroux's *Strange Bodies* takes the reader on a dizzying speculative journey that poses questions about identity, authenticity, and what it means to be truly human.

Living with the Ribbon Nov 16 2019 MacKenzie's life would be classified as ideal by most teenage standards. A set of supportive parents who were still lovingly married, a best friend who was also her identical twin, a mentally tough athlete (who had more muscles than most of her guy friends), and a competitive GPA that was sure to get her into a great college. Everything was right on track for a perfect life, until the age of sixteen, when she was shockingly diagnosed with cancer during a routine physical.

Living with the Ribbon is an authentic recount of how MacKenzie Greenberg dealt with the diagnosis (what denial?), suffered through anxiety at each medical appointment (all one hundred-plus of them), responded with “Fine” when asked that annoying “How are you doing/feeling?” question, stubbornly refused to listen to the advice of her support system to “take it easy,” and ultimately, how she continues to battle daily with a disease that will not play by the rules.

*Strange Visitors* May 03 2021 Covering topics such as the Indian Act, the High Arctic relocation of 1953, and the conflict at Ipperwash, Keith D. Smith draws on a diverse selection of documents including letters, testimonies, speeches, transcripts, newspaper articles, and government records. In his thoughtful introduction, Smith provides guidance on the unique challenges of dealing with Indigenous primary sources by highlighting the critical skill of "reading against the grain." Each chapter includes an introduction and a list of discussion questions, and helpful background information is provided for each of the readings. Organized thematically into fifteen chapters, the reader also contains a list of key figures, along with maps and images.

*David Bergelson's Strange New World* May 23 2020 A contemporary evaluation of Bergelson and his works, examining Yiddish literature, Jewish culture, and modernism. David Bergelson (1884–1952) emerged as a major literary figure who wrote in Yiddish before WWI. He was one of the founders of the Kiev Kultur-Lige, and his work was at the center of the Yiddish-speaking world of the time. He was well known for creating characters who often felt the painful after-effects of the past and the clumsiness of bodies stumbling through the actions of daily life as their familiar worlds crumbled around them. In this contemporary assessment of Bergelson and his fiction, Harriet Murav focuses on untimeliness, anachronism, and warped temporality as an emotional, sensory, existential, and historical background to Bergelson’s work and world. Murav grapples with the great modern theorists of time and memory, especially Henri Bergson, Sigmund Freud, and Walter Benjamin, to present Bergelson as an integral part of the philosophical and artistic experiments, political and technological changes, and cultural context of Russian and Yiddish modernism that marked his age. As a comparative and interdisciplinary study of Yiddish literature and Jewish culture, this work adds a new, ethnic dimension to understandings of the turbulent birth of modernism. “Harriet Murav treats Bergelson with the care and sincerity that literary critics have shown other important writers. This is a masterpiece of literary scholarship that will be sure to transform not only how people read Bergelson and who chooses to read Bergelson, but how readers engage with the entire concept of modernism itself.” —David Shneer, author of *Yiddish and the Creation of Soviet Jewish Culture: 1918-1930*

*The Strange Loops of Translation* Aug 06 2021 One of the most exciting theories to emerge from cognitive science research over the past few decades has been Douglas Hofstadter's notion of "strange loops," from Gödel, Escher, Bach (1979). Hofstadter is also an active literary translator who has written about translation, perhaps most notably in his 1997 book *Le Ton Beau de Marot*, where he draws on his cognitive science research. And yet he has never considered the possibility that translation might itself be a strange loop. In this book Douglas Robinson puts Hofstadter's strange-loops theory into dialogue with a series of definitive theories of translation, in the process showing just how cognitively and affectively complex an activity translation actually is.
