The novel's protagonist is a British Roman Catholic priest, Father Percy Franklin, who looks identical to the mysterious U.S. Senator Julian Felsenburgh of Vermont. The senator appears as a lone and dramatic figure promising world peace in return for blind obedience. No one quite knows who he is or where he comes from, but his voice mesmerizes. Under his leadership, war is abolished. Felsenburgh becomes the President of Europe, then of the world, by popular acclaim. Everyone is fascinated with him, yet still no one knows much about him. People are both riveted and frightened by the way he demands attention. Most follow without question. Having been a close observer of President Felsenburgh's rise, Father Franklin is called to Rome, a Hong Kong-style enclave ruled by Pope John XXVI and raised to the College of Cardinals. Meanwhile, defections among bishops and priests increase. At Cardinal Franklin's instigation, the pope abolishes the Eastern Catholic Churches and forms a new religious order, the Order of Christ Crucified. All its members, including the Pope, vow to die in the name of the faith. Throw out everything you think you know about history. Close the approved textbooks, turn off the corporate mass media, and whatever you do, don't believe anything you hear from the government—The Rise of the Fourth Reich reveals the truth about American power. In this explosive new book, the legendary Jim Marrs, author of the underground bestseller *Rule by Secrecy*, reveals the frighteningly real possibility that today the United States is becoming the Fourth Reich, the continuation of an ideology thought to have been vanquished more than a half century ago. This concept may seem absurd to those who cannot see past the rose-colored spin, hype, and disinformation poured out daily by the media conglomerates—most of which are owned by the very same families and corporations who supported the Nazis before World War II. But as Marrs precisely explains, National Socialism never died, but rather its hideous philosophy is alive and active in modern America. Unfortunately, most people cannot understand the shadowy links between fascism and corporate power, the military, and our elected leaders. While the United States helped defeat the Germans in World War II, we failed to defeat the Nazis. At the end of the war, ranking Nazis, along with their young and fanatical protégés, used the loot of Europe to create corporate front companies in many countries, including the United States of America. Utilizing their stolen wealth, men with Nazi backgrounds and mentalities

wormed their way into corporate America, slowly buying up and consolidating companies into giant multinational conglomerates. Many thousands of other Nazis came to the United States under classified programs such as Project Paperclip. They brought with them miraculous weapon technology that helped win the space race but they also brought their insidious Nazi philosophy within our borders. This ideology based on the authoritarian premise that the end justifies the means—including unprovoked wars of aggression and curtailment of individual liberties—has gained an iron hold in the "land of the free and the home of the brave." For the first time Jim Marrs has gathered compelling evidence that an effort has been underway for the past sixty years to bring a form of National Socialism to modern America, creating in essence a modern empire—or "Fourth Reich"! A deep dive into the origins, history, members, and workings of the Illuminati from a well-known and respected expert. Chilling initiations. Big banks and money manipulations. Possible links to the Rockefellers, Rothschilds, Adamases, and Bushes. Reviewing the evidence, documents, and connections, *The Illuminati: The Secret Society That Hijacked the World* by award-winning journalist and author Jim Marrs shines a light on the history, workings, continuing influence, and pernicious and hidden power of this secret order. Surveying experts—from those who dismiss the Illuminati as a short-lived group of little consequence to skeptics who dare question the government's accounts and pronouncements—Marrs cuts through the wild speculation and the attempts to silence critical thinkers to tell the true story of this secret cabal. He investigates their origin as "The Ancient and Illuminated Seers of Bavaria," the depiction on the United States one-dollar bill of an all-seeing eye and pyramid on the reverse of the Great Seal of the United States, the Protocols—or procedures—for usurping national governments and gaining world domination, the symbolism found in today's international corporate logos, Knights Templar, assassins, Skull and Bones, whistle blowers, the revolutions in France, Russia, and America, and much, much more. Wealth, power, and intrigue come together in this in-depth exposé on the Illuminati, their history, connections to powerful people, and their place in modern America. This work argues for the existence of a committee of 300, an elite body which controls every aspect of politics, religion, commerce and industry, answerable to no one except itself. It maintains that the confusion of social and moral values in the free world has been deliberately created. One-of-a-kind tribute from one of the best-selling bands in the world direct to their legions of fans. The Red Hot Chili Peppers' performances have become legendary as much for the music and antics on stage as the generous, loving community of people who stand side by side, screaming their approval. This is a fan appreciation book from the band that puts the emphasis where it should be—on the fans. A vivid montage of words from the band members to their fans, it includes hundreds of photos taken at concerts worldwide, and interviews with fifty of the most devoted RHCP fans around the globe. The stories that emerge range from fantastic to tragic, but always inspirational and life-affirming. Lead singer Anthony Kiedis—New York Times best-selling author of his memoir, *Scar Tissue*—writes about the making of this book, and tells the story of the band's connection with their fans from day one in 1983 and how that relationship has evolved over three decades. Designed with a DIY/fanzine feel, this book is more than a fan tribute; it's a cultural exchange that captures the unique connection of an iconic band as devoted to their fans as the fans are to them. "You know Ryan Steck as the Real Book Spy. Now, get to know him as the author of *Fields of Fire*, his debut thriller featuring Marine Raider Matthew Redd in a battle that will leave you speechless and begging for more. Lock and load!" —Jack Carr, Navy SEAL Sniper and #1 New York Times bestselling author of *The Devil's Hand* Waiting to be deployed on a critical mission, elite Marine Raider Matthew Redd stops to help a stranger and wakes up hours later to learn his team was wiped out in an ambush. Unable to remember anything, Redd can't deny the possibility that he's somehow responsible for the information leak that led to the massacre. He's given a deal to avoid a charge of treason, but it means walking away from the Corps and the life he loved. As he faces his loss, Matty gets a cryptic message from his adoptive father, J. B.: "Trouble's come knocking. . . . Might need your help." He points his truck home to rural Montana, only to discover that J. B. is dead and the explanation for his death is far from satisfying. Determined to dig up the truth, Redd uncovers a dark global conspiracy with his hometown at the center and no team at his back—except

one he might find among past friends, old enemies, and new allies, if he can figure out who to trust. Since 1954, The Bilderberg Group, some of the most powerful and influential men in the Western world, have met in secret once a year to discuss the economic and political future of humanity. Arguing that the race to better humankind is about to go to a new dimension as a result of a nanotechnological revolution, this enthralling read purports that the depth of progress and technological development is such that people in the very near future may no longer be fully human. TransEvolution discusses the transition from human to someone—or something—new and different and the increasing trend of implementing prosthetics, organ implants, bionic eyes, hearing aids, and other technological augmentations. Humans are capable of doing things they never imagined would be possible 20 years ago, and the rapid growth of this trend is nowhere near its end. But do the benefits of these advancements come with a price? Is humanity in danger because of this domination of science and technology? Bestselling author Daniel Estulin describes his vision of the future in which he believes the elite will employ their Promethean plans. On November 8, 2016, the seemingly impossible became real: Donald Trump—billionaire tycoon with fundamentally xenophobic, savage, and populist speech—won the presidency and began endangering values like democracy and world peace. Author Daniel Estulin argues that nothing about this situation was accidental and that behind this terrifying event many interests are hidden. This volume asks: How did America get here? Was it a truly democratic event? And, above all, what are the interests behind the election of Trump? From his privileged status as a Russian ex-spy, Daniel Estulin dives into the long process that has led Donald Trump to the presidency. In *The Shadows of a Presidency* offers a behind-the-scenes chronicle of the actors, governments, companies, and institutions involved in his election and the payout it will yield for insiders. Collaboration between governments, intelligence agencies, big business, drug traffickers, and terrorists line the pockets of the world's elite and contribute to the destruction of sovereign nation-states. In this book, we have hand-picked the most sophisticated, unanticipated, absorbing (if not at times crackpot!), original and musing book reviews of "The True Story of the Bilderberg Group." Don't say we didn't warn you: these reviews are known to shock with their unconventionality or intimacy. Some may be startled by their biting sincerity; others may be spellbound by their unbridled flights of fantasy. Don't buy this book if: 1. You don't have nerves of steel. 2. You expect to get pregnant in the next five minutes. 3. You've heard it all. Analyzes a series of public domain documents which demonstrate how the government has misled the public, engaging in deception about the objectives and scope of some of its programs and perpetuating wasteful spending and harmful cover-ups. The break up of countries, the end of the current planetary economic model, the regionalization of economies, the birth of global supra national projects. Change of the cosmic energy of Atlanticism (NATO, USA, North Atlantic) to the Eastern and Pacific zone (Silk Road, China, Eurasia) with Latin America as its second node. The book explains what the new economic model will need to be constructed and agreed on after the global collapse of our world in 2 or 3 years. Now a New York Times bestseller and from the author of *The Psychopath Test*, a captivating and brilliant exploration of one of our world's most underappreciated forces: shame. 'It's about the terror, isn't it?' 'The terror of what?' I said. 'The terror of being found out.' For the past three years, Jon Ronson has travelled the world meeting recipients of high-profile public shamings. The shamed are people like us - people who, say, made a joke on social media that came out badly, or made a mistake at work. Once their transgression is revealed, collective outrage circles with the force of a hurricane and the next thing they know they're being torn apart by an angry mob, jeered at, demonized, sometimes even fired from their job. A great renaissance of public shaming is sweeping our land. Justice has been democratized. The silent majority are getting a voice. But what are we doing with our voice? We are mercilessly finding people's faults. We are defining the boundaries of normality by ruining the lives of those outside it. We are using shame as a form of social control. Simultaneously powerful and hilarious in the way only Jon Ronson can be, *So You've Been Publicly Shamed* is a deeply honest book about modern life, full of eye-opening truths about the escalating war on human flaws - and the very scary part we all play in it. In this alarming book, reporter Jayna Davis tells of her amazing journey leading from the smoking

rubble of the Murrah Federal Building to the sleazy haunts of John Doe #2, the mysterious Middle East suspect who the Justice Department was at first desperate to find?then insisted never existed. With a reporter's practiced skill, Jayna Davis unscrambles the convoluted and distorted facts of the Oklahoma City bombing to present a compelling case that proves Timothy McVeigh and Terry Nichols did not act alone and in fact worked in tandem with Middle East connections that lead directly to Saddam Hussein's personal army. Ten years after the tragic April 19 bombing, this revised edition of the controversial book that captured the attention of the 9/11 Commission offers new information and a new afterword that covers the Iraq War, the verdict in the Nichols state murder trial, and recent confirmation of Al-Qaeda General Al-Zawahiri's visit to OKC to approve the bombing. Bizarre military history: In 1979, a crack commando unit was established by the most gifted minds within the U.S. Army. Defying all known laws of physics and accepted military practice, they believed that a soldier could adopt the cloak of invisibility, pass cleanly through walls, and—perhaps most chillingly—kill goats just by staring at them. They were the First Earth Battalion, entrusted with defending America from all known adversaries. And they really weren't joking. What's more, they're back—and they're fighting the War on Terror. An uproarious exploration of American military paranoia: With investigations ranging from the mysterious "Goat Lab," to Uri Geller's covert psychic work with the CIA, to the increasingly bizarre role played by a succession of U.S. presidents, this might just be the funniest, most unsettling book you will ever read—if only because it is all true and is still happening today. Everyone has a story to tell. That's what I have been told. If I were to describe just who I am, the answer would be simple: I am you. I am the same as any one of you, and any of you could have written this story. I could tell you where I was born, where I grew up, where I went to school; but in all actuality, it doesn't really matter because it could have been Any City, USA. My love for this country and my love of life inspired me to put pen to paper merely because I am dumbfounded with where we've ended up. If I were to break it down in the purest form of what the reason is, I would have to say it's because of the shunning of factual information dismissed by the majority of the American public. As I wrote in the first two chapters of this book in detailed memories, it gives most of the individuals who have lived in my era a sense of how things have drastically changed. How they've become more complicated from a time when things were ever-so-simple-and how this was stolen from us by a very powerful group that still exists today. Yet, everyone just stands by and continues to endure the injustices to our human race across the globe. The family in this book portrays hope for the future. Their courageous struggle finds you rooting for the good guys like sitting in some theatre, biting your fingernails to the very end. The irony is that the timeline follows exactly with what is going on in today's world. Our heroes have all been killed and the evildoers who have a plan for us must be stopped without question. The book lends the questions, "Did Jim Garrison-the only man who brought a trial in the Kennedy assassination against big government-do enough to stop those forces and bring justice to our world? Have we all done enough?" I close my eyes and dream of those easy-going days of old, when dinners were the most important time of day, when families came first in our lives. The days when I watched Mr. and Mrs. Kennedy greet those fans at Love Field with huge smiles on their faces shortly before tragedy struck. The day our world-as we knew it-changed forever. Where are our heroes today? What happened to our hope? The family in this book is the hope-the optimism-that we all possess. We must never let them take away our aspirations. And that is the key for our world's survival which will conquer any criminal force. From the authors of the bestselling *The Big Shift*, a provocative argument that the global population will soon begin to decline, dramatically reshaping the social, political, and economic landscape. For half a century, statisticians, pundits, and politicians have warned that a burgeoning planetary population will soon overwhelm the earth's resources. But a growing number of experts are sounding a different kind of alarm. Rather than growing exponentially, they argue, the global population is headed for a steep decline. Throughout history, depopulation was the product of catastrophe: ice ages, plagues, the collapse of civilizations. This time, however, we're thinning ourselves deliberately, by choosing to have fewer babies than we need to replace ourselves. In much of the developed and developing world, that decline is already underway, as urbanization,

women's empowerment, and waning religiosity lead to smaller and smaller families. In *Empty Planet*, Ibbitson and Bricker travel from South Florida to Sao Paulo, Seoul to Nairobi, Brussels to Delhi to Beijing, drawing on a wealth of research and firsthand reporting to illustrate the dramatic consequences of this population decline--and to show us why the rest of the developing world will soon join in. They find that a smaller global population will bring with it a number of benefits: fewer workers will command higher wages; good jobs will prompt innovation; the environment will improve; the risk of famine will wane; and falling birthrates in the developing world will bring greater affluence and autonomy for women. But enormous disruption lies ahead, too. We can already see the effects in Europe and parts of Asia, as aging populations and worker shortages weaken the economy and impose crippling demands on healthcare and social security. The United States is well-positioned to successfully navigate these coming demographic shifts--that is, unless growing isolationism and anti-immigrant backlash lead us to close ourselves off just as openness becomes more critical to our survival than ever before. Rigorously researched and deeply compelling, *Empty Planet* offers a vision of a future that we can no longer prevent--but one that we can shape, if we choose. In this timely political thriller, CIA special agent Curtis Fitzgerald, scholar Simone Casoloro, and historian Michael Asbury, must race against the clock to find trillions of dollars worth of stolen funds to prevent global economic collapse. Since the end of the Second World War, an elite organization called The Octopus has controlled the funds hidden away in six bank accounts. As the crux of the global economy, the loss of the money threatens to send the world into pure chaos unless it's retrieved. Fitzgerald, Casoloro, and Asbury find themselves down the rabbit hole of government conspiracies and secret societies in the hunt for the missing riches. Love, betrayal, murder, and deceit play prominently in this novel following in the wake of the ongoing financial crisis. What's it like to help your sister become the biggest, funniest comedian alive -- only to have her dump you and betray everything the two of you had worked for? Geraldine Barr grew up with Roseanne and dreamed and schemed with her, from the trailer parks of Colorado to the pinnacle of stardom. But the dream of fame and fortune turned to nightmare, as the sisters' apparently unbreakable bond of love and mutual support crumbled into resentment, hurt and mistrust. Now Geraldine reveals how the unthinkable came to happen. This remarkable and compelling account of the two working-class girls from Utah who grew up to take Hollywood by storm. Photos. Now comes *The Sigma Protocol*, a new breakneck novel of intrigue, conspiracy, and terrifying deception. American investment banker Ben Hartman arrives in Zurich for a ski holiday, the first time he's been back to Switzerland since his twin brother died there in a tragic accident four years earlier. But his arrival in Zurich triggers something far more sinister than his brother's fate. When Ben chances upon Jimmy Cavanaugh, an old college friend, Cavanaugh promptly pulls out a gun and tries to kill him. In a matter of minutes, several innocent bystanders are dead - as well as Cavanaugh - and Ben has barely managed to survive. Plunged into an unspeakable nightmare, Hartman suddenly finds himself on the run. Department of Justice field agent Anna Navarro is being stalked around the world by a relentless killer, managing to survive the killer's attacks only by a combination of luck, skill and her own quick wits. These attacks are somehow related to her current assignment: investigating the sudden - and seemingly unrelated - deaths of a number of very old men throughout the world. The only thing that connects them is a file in the CIA archives, over a half-century old, marked with the same puzzling code word: SIGMA. But someone or something is always seemingly one step ahead of her, the survivors are rapidly dwindling, and her own life is in ever increasing danger. Brought together by accident, Ben and Anna soon realize that their only hope of survival lies with each other. Together they race to uncover the diabolical secrets long hidden behind the code word, Sigma. Secrets that threaten everything they think they know about themselves, everything they believed true about their friends and families, and everything they were ever taught about history itself. For behind Sigma lies a vast deception that is finally coming to fruition and the fate and future of the world is in their hands. The most explosive international conspiracy ever conceived - with deadly consequences. This is a classic work--a highly-readable, wide-ranging study of the Trilateral Commission and the worldwide strategies of Trilateralism. It demystifies national and

international events, power, propaganda, and policy making from World War II through the sixties and seventies and into the eighties. A wide variety of extremist groups -- Islamic fundamentalists, neo-Nazis -- share the oddly similar belief that a tiny shadowy elite rule the world from a secret room. In *Them*, journalist Jon Ronson has joined the extremists to track down the fabled secret room. As a journalist and a Jew, Ronson was often considered one of "Them" but he had no idea if their meetings actually took place. Was he just not invited? *Them* takes us across three continents and into the secret room. Along the way he meets Omar Bakri Mohammed, considered one of the most dangerous men in Great Britain, PR-savvy Ku Klux Klan Grand Wizard Thom Robb, and the survivors of Ruby Ridge. He is chased by men in dark glasses and unmasked as a Jew in the middle of a Jihad training camp. In the forests of northern California he even witnesses CEOs and leading politicians -- like Dick Cheney and George Bush -- undertake a bizarre owl ritual. Ronson's investigations, by turns creepy and comical, reveal some alarming things about the looking-glass world of "us" and "them." *Them* is a deep and fascinating look at the lives and minds of extremists. Are the extremists onto something? Or is Jon Ronson becoming one of them? What Don't You Know? Conspiracy Theories Surrounding The Top Secret Society... Claim Your FREE Bonuses After the Conclusion! Every year since 1954 a Bilderberg Meeting has been held in an exclusive hotel in Europe or North America. Attendance is by invitation only and includes some of the most powerful and influential people in the Western World. However, just what happens during meetings is unknown because none of the people who attend will talk about what they do. The people who organize these meetings insist that this is nothing more than a chance for like-minded people to get together away from the stress of their busy lives and to relax and exchange ideas in an informal setting. But, others have suggested that the real purpose of this secret, unelected and unaccountable group is more sinister and involves making decisions that impact every one of us. It is certainly notable that you will find people who have attended Bilderberg Meetings at the head of almost every major commercial, financial or political institution in Europe and North America. What is the purpose of these meetings? Are Bilderbergers working towards a New World Order? Are they part of the secret ruling elite known as the Illuminati? Are they even human? Let's look at the evidence and see if we can assess whether Bilderberg Meetings really do have an impact on the way that the Western world is run... Here Is A Preview Of What's Inside... Bilderberg Group: The Origins of Bilderberg Meetings Bilderberg Group: Bilderberg, the media and the Trilateral Commission Bilderberg Group: Bilderberg Meetings and Political Power Bilderberg Group: Bilderberg and Money Bilderberg Group: Bilderberg, the Illuminati and the New World Order Bilderberg Group: Does Bilderberg Matter? Much, much more! Scroll up and get this book now! From the food we eat, the water we drink to the air we breathe, everything these days seems capable of killing us. Recently we have seen an unprecedented number of deaths due to medications for diseases that may not even exist, obscure cancers caused by our modern devices, and brutal police tactics. All a coincidence? Think again. In *Population Control*, acclaimed journalist Jim Marrs lays out a stunning case for his most audacious conspiracy yet: the scheme concocted by a handful of global elites to reduce the world's population to 500 million by whatever means necessary and make a profit from it. Marrs, the bestselling author of *Rule by Secrecy* and *The Trillion Dollar Conspiracy*, pulls no punches in exposing this evil and chillingly effective plan. He explains how a small group of tremendously wealthy and powerful people control virtually every important industry - guns, oil, pharmaceuticals, food, and of course the media - and how it uses this vast network of conglomerates to take actions that lead to the deaths of men and women all over the world. In the explosive *Population Control*, Marrs lays bare the damning truths corporate owners don't want you to discover: how they've spied on private citizens, intentionally spread disease, and destroyed the planet chasing profits, all to improve the lives of a privileged few while eliminating everyone else. Finally, he offers a citizen's blueprint for fighting back. Every spring since 1954, a group of approximately one hundred of the world's most powerful businessmen, politicians, media moguls, and international royalty meet in secret for several days to discuss the course of the world. Called the Bilderberg Group after the Bilderberg Hotel in Oosterbeek, Holland where their first meeting was held, this off the record annual gathering is said to

be where the globalist puppet masters plot and scheme. Does this group of power elite develop new political, economic, and cultural policies that are then covertly implemented by their underlings? Do they choose who our world leaders will be, including the next president of the United States? Is the Bilderberg Group a shadow government? Are they the Illuminati? Why has the mainstream media had a complete blackout regarding their meetings for decades? Who attends? And who pays for it? Is this "just another conference?" Or, are the "conspiracy theorists" right? What is the evidence? How were they first discovered? What are they doing? And should the public be concerned? Secret society expert Mark Dice will show you the hidden history, financial records, and some of the insider leaks showing how this small group's consensus has staggering effects on the political landscape of the world, global economies, wars, and more, as he uncovers *The Bilderberg Group: Facts & Fiction. Masters Of The World Hidden* behind many of today's major news stories, the Bilderberg Group is an elite clique of the most powerful names in politics, media, business, and finance, who want to impose a one-world government on the rest of us. Led by such iconic members as Henry Kissinger, Bill and Hillary Clinton, Richard Perle, Melinda Gates (wife of Bill Gates), David Rockefeller, Paul Wolfowitz, Donald Rumsfeld, Tony Blair, and Margaret Thatcher, their secret conferences (where press has long been banned) are rumored to have engineered many of today's monumental global events, including:

- The September 2008 collapse of worldwide banking.
- Bill Clinton's presidency and the passage of NAFTA.
- The loss of America's jobs to foreign nations.
- The toppling of Margaret Thatcher for trying to keep the U.K. out of the E.U.

Featuring interviews with meeting attendees, *The Bilderberg Conspiracy* is essential--and often terrifying--reading for anyone interested in world events. "H. An indispensable guide, *Cults, Conspiracies, and Secret Societies* connects the dots and sets the record straight on a host of greedy gurus and murderous messiahs, crepuscular cabals and suspicious coincidences. Some topics are familiar—the Kennedy assassinations, the Bilderberg Group, the Illuminati, the People's Temple and Heaven's Gate—and some surprising, like Oulipo, a select group of intellectuals who created wild formulas for creating literary masterpieces, and the Chauffeurs, an eighteenth-century society of French home invaders, who set fire to their victims' feet. Now, in the pages of Jim Tucker's *Bilderberg Diary*, Jim Tucker lays out, for the first time, his entire remarkable history of covering Bilderberg (and its Trilateral and CFR allies), literally infiltrating Bilderberg meetings, procuring their private documents, and working relentlessly to shine the spotlight of public scrutiny on Bilderberg's affairs. Tucker's prose, first-hand, folksy and colorful, will introduce you to the little-known arena of the Bilderberg elite. This volume is a memorable and panoramic journey that will lay bare the realities behind modern-day international power politics in a way that you've never seen before. And the book includes several representative lists of Bilderberg membership over the past several years, more than 80 fascinating on-the-spot photographs of the Bilderbergers in action and photo reproductions of actual Bilderberg documents secured by Tucker. Plus a fascinating Afterword by Willis A. Carto, the man who first suggested

Tucker cover Bilderberg for The Spotlight newspaper, realizing what was happening behind closed doors at Bilderberg meetings was far more important, and sinister, than Bilderberg press releases were admitting. If you've ever heard the mass media claim that concerns about Bilderberg are "just some crazy conspiracy theory," you'll definitely think otherwise as you travel with Jim Tucker into the world of Bilderberg. Bill Cooper, former United States Naval Intelligence Briefing Team member, reveals information that remains hidden from the public eye. This information has been kept in Top Secret government files since the 1940s. His audiences hear the truth unfold as he writes about the assassination of John F. Kennedy, the war on drugs, the Secret Government and UFOs. Bill is a lucid, rational and powerful speaker who intent is to inform and to empower his audience. Standing room only is normal. His presentation and information transcend partisan affiliations as he clearly addresses issues in a way that has a striking impact on listeners of all backgrounds and interests. He has spoken to many groups throughout the United States and has appeared regularly on many radio talk shows and on television. In 1988 Bill decided to "talk" due to events then taking place worldwide, events which he had seen plans for back in the early '70s. Since Bill has been "talking," he has correctly predicted the lowering of the Iron Curtain, the fall of the Berlin Wall and the invasion of Panama. All Bill's predictions were on record well before the events occurred. Bill is not a psychic. His information comes from Top Secret documents that he read while with the Intelligence Briefing Team and from over 17 years of thorough research. "Bill Cooper is the world's leading expert on UFOs." -- Billy Goodman, KVEG, Las Vegas. "The onlt man in America who has all the pieces to the puzzle that has troubled so many for so long." -- Anthony Hilder, Radio Free America "William Cooper may be one of America's greatest heros, and this story may be the biggest story in the history of the world." -- Mills Crenshaw, KTALK, Salt Lake City. "Like it or not, everything is changing. The result will be the most wonderful experience in the history of man or the most horrible enslavement that you can imagine. Be active or abdicate, the future is in your hands." -- William Cooper, October 24, 1989. To some the name "secret society" conjures up an image of a shadowy and elite cabal meeting behind smoke-filled rooms, discussing tactics of world domination and manipulation straight out of the most far-fetched espionage thriller. To others, the image of secluded men (and occasionally women!) banding together in exotic garb to perform colorful ceremonies and impart hidden knowledge and fancy but incomprehensible titles upon one another springs to mind. But just how far-fetched and fanciful is the prospect of a secret society? Could it be that there walks among us, in any given echelon of the population, groups given to exercise inordinate amounts of power and influence over the rest of us? Could these exotic members-only clubs really pose such an immediate threat to our well-being that our very way of life is endangered? Well, quite frankly the disturbing answer to those particular questions are yes and yes. Right in our midst there absolutely exists clandestine organizations consisting of both men and women who wield a dangerous amount of influence and power over the entire world populace. In his book entitled "The World's Most Dangerous Secret Societies" author James Jackson explores these dangerous secret organizations and its members; their beliefs, hidden agenda and their ultimate goal of a New World Order and world domination. Here are a few of some of the dangerous secret societies that will be thoroughly examined.* The Freemasons* The Illuminati* Skull And Bones* The Bilderberg Group* Council on Foreign Relations* The Trilateral Commission* The Society of Jesuits* The Committee of 300* The Knights Templar And Much Much More..... Depending on the source, Julian Assange, the editor in chief of WikiLeaks, is regarded as either a genius or terrorist, and this exploration of the man and the organization seeks to find the truth.
