*Acres of Diamonds Jan 03 2021 Acres of Diamonds  
Russell H. Conwell - In "Acres of Diamonds," Russell Conwell shows success is a spiritual idea--the result of spiritual principles. Though not a "get rich guide," Conwell's book shows how to find a fortune-if you know where to look. There are as many opportunities for success today as in Conwell's time, if not more so, because they are found first and foremost in one's own conscience. Through his ministry and philosophy that "all good things are possible," Conwell opened the*

*doors of opportunity for untold millions. "Acres of Diamonds" echoes his core belief-that each of us is placed here on earth for the primary purpose of helping others. Conwell was a minister, the founder of Temple University, and two hospitals where no one was ever turned away for lack of money. He was also a famous lecturer. In his lecture, the story is told of a man who sells his farm to travel far and wide in search of diamonds. There is a moral to the story in "Acres of Diamonds," a story which Conwell presented as a lecture more than 6,000 and to untold numbers of people. This is a small book with a large message that could potentially have an enormous impact on the reader with the 'ears to hear' it and the will to internalize it and put it into action in his or her life every day. The greatness that exists within every one of us does not exist in any external form whatsoever. Rather, it exists within us...waiting to be uncovered and unleashed. When used for the good of others and not for reasons of selfish gain, we discover that we, also, have more than we need; of contentment, of happiness and, yes, of wealth also. As we like to say in my household, "Change your mind, change your life."*

*The Eschatological Role of the Jerusalem Temple: An Examination of the Jewish Writings Dating from 586 BCE to 70 CE Jan 15 2022 This research aims to investigate the role or roles of the physical Jerusalem temple within the second temple Jewish writings in terms of whether the physical temple has any role to play in relation to the pivot point in eschatology. The pivot point or fulcrum in time refers to the end of the exile and perhaps the beginning of the eschaton. The exile may be theological, but many second temple Jewish texts address the physical gathering of the children of Israel to the land of Israel (i.e., from physical exile, even if the text also addresses a theological exile), thus, making the return a complete ingathering of the children of Israel. The passages of these ancient texts have been analysed before, but never with this lens. Looking to see if there is any role the Jerusalem Temple performs in expected eschatological events will at least allow an answer to be given, which is better than never asking the question in the first place, which has been the case*

*Melchizedek & the Temple May 27 2020* The current world confusion and condition of human affairs is a natural phase within an evolutionary process that will ultimately lead to the unification of the human race into a single social order. This process has passed through stages we should consider as being analogous

to those of infancy and childhood, and is now in the culminating period of adolescence approaching its long-awaited coming of age an age of universal peace and justice. This has been the promise given throughout all the major faiths of the world. The social fabric of the world is out of balance and through Divine interventions will form together in a collective consciousness recognizing the need for a revolutionary shift of spirit to undertake those measures creating lasting harmony and peace. Dr. M. Scott Peck speaks of world-views as being religious. To move away from war, we must distinguish between "true religions and false religions, true prophets and false prophets," and that "truth in religion is characterized by inclusivity," while "falsity in religion can be detected by its one-sidedness and failure to integrate the whole." History clearly shows that some form of a universal legislative body is not only essential, but also inevitable. Such a system is not conceived from the mind of mortal man; rather, it is a Divine System that was set in motion over 6000 years ago. The purpose in writing *Melchizedek & the Temple* is to show the story of this evolutionary process a journey through time, culminating with the promise of an earthly kingdom an all-inclusive world government, free from tyranny, hate, prejudice and war. *Melchizedek & the Temple* offers a practical, and compelling alternative to antiquated ideas that in reality prevent humankind from achieving what it longs for universal peace and justice. It is a message of

*warning and of promise.*

*Man's plans and God's plans seldom match up.*

*Example: man wants to rebuild the original temple on the original site. One problem, something is occupying that location, only the second holiest site in the Muslim faith (Dome of the Rock). By using the fog of war, a top secret plan of the Israeli government can have this problem removed. Plus give them the ordained right to reconstruct the temple. Before this plan can be put in to action, several things need to line up. First, the temple cannot be constructed until the priesthood has been established. This would require someone to be selected as a high priest. Second, a large amount of gold will be required to reconstruct all the furnishings required to be placed in the temple. This amount is so far above what the Israeli government has. Third, will the construction of the temple be justification to start a third world war? The most important piece of all, to make the temple real, it needs to have the real Ark. Not just a wooden box resembling the description of the Ark. But it must be able to display the power that only the Ark can produce. The ending of the first book, the temple is built and the Ark is placed back in the Holy of Holies. Drained our economy of \$45 trillion and left us in abject poverty. In ancient India, roughly 90% of the population was literate. Every hamlet in India had a school, but once the British left, our literacy rate fell to 16%. *The Making of a Modern Temple and a Hindu City*

*Sep 23 2022 Kalighat is said to be the oldest and most potent Hindu pilgrimage site in the city of Kolkata (formerly Calcutta). It is home to the dark goddess Kali in her ferocious form and attracts thousands of worshipers a day, many sacrificing goats at her feet. In *The Making of a Modern Temple and a Hindu City*, Deonnie Moodie examines the ways middle-class authors, judges, and activists have worked to modernize Kalighat over the past long century. Rather than being rejected or becoming obsolete with the arrival of British colonialism and its accompanying iconoclastic Protestant ideals, the temple became a medium through which middle-class Hindus could produce and publicize their modernity, as well as the modernity of their city and nation. That trend continued and even strengthened in the wake of India's economic liberalization in the 1990s. Kalighat is a superb example of the ways Hindus work to modernize India while also Indianizing modernity through Hinduism's material forms. Moodie explores both middle-class efforts to modernize Kalighat and the lower class's resistance to those efforts. Conflict between class groups throws into high relief the various roles the temple plays in peoples' lives, and explains why the modernizers have struggled to bring their plans to fruition. *The Making of a Modern Temple and a Hindu City* is the first scholarly work to*
